The authority referred to in this resolution is in addition to all subsisting authorities conferred on the Board of Directors in accordance with s551 of the U.K. Companies Act 2006 (including without limitation the authority conferred by the passing of a resolution of the shareholders of the Company in September 2020) and the Board of Directors may allot shares or grant Rights pursuant to an offer made or agreement entered into by the Company before the expiry of the authority pursuant to which that offer was made or agreement entered into.

Special resolution

12. Subject to the passing of Proposal 11, to empower the directors generally pursuant to s570(1) of the U.K. Companies Act 2006 to allot equity securities (as defined in s560 of the U.K. Companies Act 2006) for cash pursuant to the general authority conferred on them by Resolution 11 as if s561(1) of the U.K. Companies Act 2006 did not apply to that allotment. This power:
 - (a) shall be limited to the allotment of equity securities up to an aggregate nominal amount of £820,100;
 - (b) expires (unless previously renewed, varied or revoked) on May 8, 2029 but the Company may make offers and enter into agreements before that expiry which would, or might, require equity securities to be allotted after that expiry and the directors may allot equity securities pursuant to any of those offers or agreements as if this power had not expired; and
 - (c) applies in relation to a sale of shares which is an allotment of equity securities by virtue of s560(3) of the U.K. Companies Act 2006 as if in the first paragraph of this resolution the words “pursuant to the general authority conferred on them by Resolution 11 were omitted.

For the purposes of this resolution, references to the allotment of equity securities shall be interpreted in accordance with s560 of the U.K. Companies Act 2006.

Proposals 1 through 11 will be proposed as ordinary resolutions under English law. Assuming that a quorum is present, an ordinary resolution is passed on a show of hands if it is approved by a simple majority (more than 50%) of the votes cast by shareholders present (in person or by proxy) at the AGM and entitled to vote. If a poll is demanded, an ordinary resolution is passed if it is approved by holders representing a simple majority (more than 50%) of the total voting rights of shareholders present (in person or by proxy) who (being entitled to vote) vote on the resolution. Proposal 12 will be proposed as a special resolution. A special resolution is passed on a show of hands if it is approved by not less than 75% of the votes cast by shareholders present (in person or by proxy) at the Meeting and entitled to vote. On a poll, a special resolution is passed if it is approved by holders representing not less than 75% of the total voting rights of shareholders present (in person or by proxy) who (being entitled to vote) vote on the resolution.

The result of the shareholder votes on the ordinary resolutions in proposals 4, 5, 7, 8 and 10 regarding re-appointment of PricewaterhouseCoopers LLP, an English registered limited liability partnership, as our U.K. statutory auditors, ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024, receipt of our U.K. statutory annual accounts and reports for the year ended December 31, 2023, approval, on an advisory basis, of our U.K. statutory directors’ annual report on remuneration for the year ended December 31, 2023 and approval of the compensation of our named executive officers for the year ended December 31, 2023, are advisory in nature and as a result will not require our Board of Directors or any committee thereof to take any action. Our Board of Directors values the opinions of our shareholders as expressed through such votes and will carefully consider the outcome of the votes on proposals 4, 5, 7, 8 and 10.

The results of any polls taken on the resolutions at the AGM and any other information required by the U.K. Companies Act 2006 will be made available on our website (www.compasspathways.com) as soon as reasonably practicable following the AGM and for the required period thereafter.

Notes

(a) Only those members registered in the register of members of the Company at 6:00 p.m. London time (1:00 p.m. Eastern Time) on May 7, 2024 will be entitled to attend and vote at the AGM in respect of the number of ordinary shares registered in their name at that time. If the AGM is adjourned, members entered on the register of members of the Company (not later than 6:00 pm (U.K. time) on the date which is two working days before the date of the adjourned AGM) shall be entitled to attend, speak and vote at the AGM in respect of the number of ordinary shares registered in their name at that time.

(b) A member entitled to attend, speak and vote at the AGM is entitled to appoint a proxy to exercise all or any of his/her rights to attend, speak and vote instead of him/her. A member may appoint more than one proxy in relation to the AGM provided that each proxy is appointed to exercise the rights attached to a different share or shares of the member. A proxy need not be a member, but must attend the AGM in person. If a member wishes his/her proxy to speak on his/her behalf at the AGM, he/she will need to appoint his/her own choice of proxy and give his/her instructions directly to them. Completion and return of a form of proxy (the “**Ordinary Shareholder Proxy Form**”) will not preclude a member from attending, speaking and voting at the AGM or any adjournment thereof in person. If a proxy is appointed and the member attends the AGM in person, the proxy appointment will automatically be terminated. The Ordinary Shareholder Proxy Form, used by holders of ordinary shares to vote, should be lodged with Neville Registrars Limited (“**Neville**”), the Company’s registrar, not later than 3:00 p.m. London time (10:00 a.m. Eastern Time) on May 7, 2024. The attached proxy statement explains proxy voting and the matters to be voted on in more detail. Please read the proxy statement carefully. For specific information regarding the voting of your ordinary shares, please refer to the proxy statement under the section titled “*General Information.*”

(c) Any corporation which is a member can appoint one or more corporate representatives who may exercise on its behalf all of its powers as a member provided that, if it is appointing more than one corporate representative, it does not do so in relation to the same shares.

(d) In the case of joint holders, the vote of the senior holder who tenders the vote whether in person or by proxy will be accepted to the exclusion of the votes of any other joint holders. For these purposes, seniority shall be determined by the order in which the names stand in the Company’s relevant register or members for the certificated or uncertificated shares of the Company (as the case may be) in respect of the joint holding.

(e) Certificateless Registry for Electronic Share Transfer (“**CREST**”) members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so for the AGM and any adjournments of it by using the procedures described in the CREST Manual (available via www.euroclear.com/CREST). CREST personal members or other CREST sponsored members, and those CREST members who have appointed voting service providers, should refer to their CREST sponsors or voting service providers, who will be able to take the appropriate action on their behalf.

For a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a “**CREST Proxy Instruction**”) must be properly authenticated in accordance with Euroclear U.K. & International Limited’s specifications and must contain the information required for those instructions as described in the CREST Manual (available via www.euroclear.com/CREST). The message, regardless of whether it relates to the appointment of a proxy or to an amendment to the instruction given to the previously appointed proxy, must, to be valid, be transmitted so as to be received by the Company’s agent (ID: 7RA11) by 3:00 p.m. London time (10:00

a.m. Eastern Time) on May 7, 2024. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which the Company's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time, any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.

CREST members and, where applicable, their CREST sponsors or voting service providers should note that Euroclear U.K. & International Limited does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will, therefore, apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed voting service providers, to procure that its CREST sponsors or voting service providers take) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

(f) As of March 27, 2024 (being the latest practicable date before the circulation of this document and the record date for ADSs holders), the Company's issued ordinary share capital consisted of 68,342,534 ordinary shares, carrying one vote each. Therefore, the total voting rights in the Company as of that date were 68,342,534. A vote withheld is not a vote in law, which means that the vote will not be counted in the calculation of votes for or against the resolution, and if no voting indication is given, a proxy may vote or abstain from voting at his/her discretion. A proxy may vote (or abstain from voting) as he or she thinks fit in relation to any other matter which is put before the AGM.

(g) Under s527 of the U.K. Companies Act 2006, members meeting the threshold requirement set out in that section have the right to require the Company to publish on a website a statement setting out any matter relating to: (i) the audit of the Company's accounts (including the auditor's report and the conduct of the audit) that are to be laid before the AGM; or (ii) any circumstance connected with an auditor of the Company ceasing to hold office since the previous meeting at which annual accounts and reports were laid in accordance with s437 of the U.K. Companies Act 2006. The Company may not require the shareholders requesting any such website publication to pay its expenses in complying with ss527 or 528 of the U.K. Companies Act 2006. Where the Company is required to place a statement on a website under s527 of the U.K. Companies Act 2006, it must forward the statement to the Company's auditor not later than the time when it makes the statement available on the website. The business which may be dealt with at the AGM includes any statement that the Company has been required, under s527 of the U.K. Companies Act 2006, to publish on a website.

(h) Except as set out in the notes to this Notice, any communication with the Company in relation to the AGM as it relates to the ordinary shareholders, including in relation to proxies, should be sent to Neville at their address of Neville Registrars Limited, Neville House, Steelpark Road, Halesowen, West Midlands, United Kingdom, B62 8HD. No other means of communication will be accepted. In particular, you may not use any electronic address provided either in this notice or in any related documents to communicate with the Company for any purpose other than those expressly stated.

(i) Copies of the service agreement for our executive director and of the letters of appointment for our non-executive directors will be available for inspection at the registered office of the Company during normal business hours on any weekday (public holidays excepted) and at the place of the AGM for one hour before the Meeting and at the Meeting itself.

(j) Any ordinary shareholder attending the AGM has the right to ask questions. The Company must cause to be answered any such question relating to the business being dealt with at the AGM but no such answer need be given if: (i) to do so would interfere unduly with the preparation for the AGM or involve the disclosure of confidential information; (ii) the answer has already been given on a website in the form of an answer to a question; or (iii) it is undesirable in the interests of the Company or the good order of the meeting that the question be answered.

Holders of Ordinary Shares

If you are a holder of ADSs, please ignore this section and refer instead to the section below titled "*—Holders of American Depositary Shares.*"

If you are a holder of ordinary shares in the Company, please vote on the Resolutions by appointing a proxy. A form of the Ordinary Shareholder Proxy Form for use at the AGM is enclosed. **You are encouraged to appoint the Chair of the AGM as your proxy.**

You are advised to complete and return the Ordinary Shareholder Proxy Form in accordance with the instructions printed on it and so as to arrive at Neville Registrars at their address of Neville Registrars Limited, Neville House, Steelpark Road, Halesowen, West Midlands, United Kingdom, B62 8HD as soon as possible but in any event by no later than **3:00 p.m. London time (10:00 a.m. Eastern Time) on Tuesday, May 7, 2024.**

In order to attend and vote at the AGM as an ordinary shareholder, you must continue to be registered as a holder of ordinary shares in the Company's register of members as of 6:00 p.m. London time (1:00 p.m. Eastern Time) on May 7, 2024.

Therefore, if you have sold or transferred your ordinary shares in the Company on or prior to May 7, 2024, your form of the Ordinary Shareholder Proxy Form can no longer be used and if submitted (whether before or after you have sold or transferred your ordinary shares) will be treated as invalid. Should you elect to convert your holding of ordinary shares in the capital of the Company into an interest in the capital of the Company represented by ADSs before the AGM, you will cease to be a holder of ordinary shares in your own name and will not be entitled to vote at the AGM as an ordinary shareholder. You will also not be able to use the enclosed form of the Ordinary Shareholder Proxy Form. However, you may be able to exercise your vote as a holder of an interest in the capital of the Company represented by ADSs, please refer to the next section titled "*— Holders of American Depositary Shares.*"

If you held ADSs through a bank, broker or nominee on March 27, 2024, this Proxy Statement, the ADS proxy card (the "**ADS Proxy Card**") and related materials will be sent to that organization who should forward the materials to you. Please reach out to your bank, broker or nominee to provide your voting instructions.

What is the difference between an ordinary shareholder of record and a beneficial owner?

These terms describe how your ordinary shares are held. If your ordinary shares are registered directly in our register of members maintained by Neville, our registrar, you are a shareholder of record and the proxy materials are being sent directly, or otherwise being made available, to you. If your ordinary shares are held in the name of a broker, bank, or other nominee, you are a beneficial owner of the shares held by your broker, bank or other nominee and the proxy materials should be made available or forwarded to you by your broker, bank, or other nominee, who is treated as the shareholder of record. As the beneficial owner, you have the right to direct your broker, bank, or other nominee on how to vote your ordinary shares by following the instructions on the voting instructions provided to you by such broker, bank or other nominee.

What are the requirements to elect the directors and approve each of the proposals?

You may cast your vote for or against proposals 1 through 13 or abstain from voting your shares on one or more of these proposals.

Proposals 1 through 11 will be proposed as ordinary resolutions under English law. Assuming that a quorum is present, an ordinary resolution is passed on a show of hands if it is approved by a simple majority (more than 50%) of the votes cast by shareholders present (in person or by proxy) at the AGM and entitled to vote. If a poll is demanded, an ordinary resolution is passed if it is approved by holders representing a simple majority (more than 50%) of the total voting rights of shareholders present (in person or by proxy) who (being entitled to vote) vote on the resolution. Proposal 12 will be proposed as a special resolution. A special resolution is passed on a show of hands if it is approved by not less than 75% of the votes cast by shareholders present (in person or by proxy) at the Meeting and entitled to vote. On a poll, a special resolution is passed if it is approved by holders representing not less than 75% of the total voting rights of shareholders present (in person or by proxy) who (being entitled to vote) vote on the resolution.

The result of the shareholder votes on the ordinary resolutions in proposals 4, 5, 7, 8 and 10 regarding re-appointment of PricewaterhouseCoopers LLP, an English registered limited liability partnership, as our U.K. statutory auditors, ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024, receipt of our U.K. statutory annual accounts and reports for the year ended December 31, 2023, approval, on an advisory basis, of our U.K. statutory directors' annual report on remuneration for the year ended December 31, 2023 and approval of the compensation of our named executive officers for the year ended December 31, 2023, are advisory in nature and as a result will not require our Board of Directors or any committee thereof to take any action. Our Board of Directors values the

opinions of our shareholders as expressed through such votes and will carefully consider the outcome of the votes on proposals 4, 5, 7, 8 and 10.

What are the voting recommendations of our Board regarding the election of directors and other proposals?

What constitutes a quorum?

In accordance with our current Articles of Association, a quorum will be present if one or more shareholders of the Company (or their proxy or corporate representative) holding at least 33¹/₃ percent in number of the issued shares (excluding any shares held as treasury shares) entitled to attend and vote on the business to be transacted at the Meeting is present. There were 68,342,534 issued ordinary shares as of the record date for ADS holders, and therefore 22,780,845 ordinary shares will be required to be in attendance for there to be a quorum.

If you are an ordinary shareholder of record, your shares will be counted towards the quorum only if you are present in person or represented by proxy at the Meeting. If you are a beneficial owner of ordinary shares held in an account at a brokerage firm, bank or other similar organization your shares will be counted towards the quorum if your broker, bank or nominee submits a proxy for those shares and the proxy represents the holder at the Meeting. If you are an ADS holder you will not count towards the quorum of the Meeting. An ordinary shareholder, including

Citibank, represented by a proxy at the Meeting will be counted towards the quorum requirement even where the proxy abstains from voting. If a form of the Ordinary Shareholder Proxy Form does not instruct the proxy how to vote, the proxy may vote as he or she sees fit or abstain in relation to any business of the Meeting, but the member represented by that proxy at the Meeting will be counted towards the quorum requirement.

If there is no quorum present within 15 minutes (or such longer interval as the Chair of the Meeting in his or her absolute discretion thinks fit), the Meeting will stand adjourned to such time, date and place as may be fixed by the Chair of the Meeting (being not less than 10 clear days later). Under our current Articles of Association, if a quorum is not present at the adjourned meeting within 15 minutes (or such longer interval as the Chair of the Meeting in his or her absolute discretion thinks fit) from the time appointed for holding the Meeting, the Meeting shall be dissolved.

How do I vote my shares?

Ordinary Shareholders

If you are an ordinary shareholder of record, you may appoint a proxy to vote on your behalf by completing and signing the form of the Ordinary Shareholder Proxy Form and returning it in the envelope provided. If your ordinary shares are held in an account at a brokerage firm, bank or similar organization, you should follow the directions provided by your broker, bank or other nominee. All proxies, however submitted, must be lodged with our registrar, Neville, by no later than 3:00 p.m. London time (10:00 a.m. Eastern Time) on May 7, 2024 for holders of ordinary shares.

ADS Holders

If you are a holder of ADSs, you may exercise your right to vote by completing and submitting the ADS Proxy Card which will be sent to you by Citibank. If your ADSs are held in an account at a brokerage firm, bank or similar organization, you should follow the directions provided by your broker, bank or other nominee. All ADS Proxy Cards, however submitted, must be received by Citibank no later than 10:00 a.m. Eastern Time on May 3, 2024.

Citibank will collate all votes properly submitted by ADS holders and submit a vote to the Company on behalf of all ADS holders.

What is the role of Citibank?

Citibank, as depositary of our ADS program, issues and delivers ADSs representing ordinary shares that have been deposited with Citibank as depositary. We are requesting that Citibank, which holds the ordinary shares underlying the ADSs, seek ADS holders' instructions as to voting for the AGM. As a result, ADS holders as of the applicable ADS record date may instruct Citibank to vote the ordinary shares underlying their ADSs on their behalf.

Because we have asked Citibank as depositary to seek the voting instructions of ADS holders, Citibank will notify ADS holders of the upcoming vote and arrange to deliver the proxy materials to them. Citibank will then try to vote the ordinary shares as each ADS holder instructs. Citibank does not vote or attempt to exercise the right to vote other than in accordance with the instructions of the ADS holders. We cannot guarantee that ADS holders will receive this proxy statement and the other proxy materials from Citibank in time to permit them to instruct the depositary to vote the shares represented by their ADSs. ADS holders may only exercise their right to directly vote the ordinary shares underlying their ADSs by exchanging their ADSs for the corresponding ordinary shares. However, even though we are subject to U.S. domestic issuer proxy rules and notice of our shareholder meetings are publicly disclosed in our filings with the SEC, ADS holders may not know about the meetings early enough to exchange their ADSs for ordinary shares. To exchange ADSs for underlying ordinary shares, holders of ADSs must present the ADSs to the depositary for cancellation with instructions for the delivery of the underlying shares and payment of applicable fees and taxes.

Citibank is the holder of record for all ordinary shares which underly ADSs. ADS holders are not required to be treated as holders of ordinary shares and do not have the rights of direct holders of our ordinary shares.

How will my shares be voted if I do not specify how they should be voted?

If you sign and send your form of the Ordinary Shareholder Proxy Form or the ADS Proxy Card, but do not indicate how you want your shares to be voted, a proxy may vote or abstain from voting at his or her discretion. We expect,

if a member of our management team or Board is appointed as a proxy, that he or she will vote in favor of each of the proposals.

Under the terms of the deposit agreement governing our ADSs, subject to certain exceptions, if Citibank does not receive voting instructions from an ADS holder before the applicable deadline, the ADS holder shall be deemed to have instructed Citibank to give a discretionary proxy to a person designated by the Company to vote the ADSs. If Citibank timely receives voting instructions from an ADS holder which fail to specify the manner in which Citibank is to vote the ADSs, Citibank will deem such ADS holder to have instructed Citibank to vote in favor of the items set forth in such voting instructions.

If you are a beneficial owner of shares or ADSs and your broker, bank or nominee does not receive instructions from you about how your shares are to be voted, such broker, bank or nominee may be permitted to vote your shares on your behalf, depending on the rules applicable to such broker, bank or nominee and the type of proposal. Under rules of the New York Stock Exchange, which are also applicable to Nasdaq-listed companies, brokers, banks and other securities intermediaries that are subject to New York Stock Exchange rules may use their discretion to vote your “uninstructed” shares on matters considered to be “routine” under New York Stock Exchange rules, but they do not have discretionary power to vote your shares on “non-routine” matters.

A “broker non-vote” refers to a share represented at the Meeting held by a broker, bank or other securities intermediary, as to which instructions have not been received from the beneficial owner or person entitled to vote such shares and with respect to which, on one or more, but not all matters, the broker, bank or other securities intermediary does not have discretionary voting power to vote such share because such matter is considered “non-routine” under New York Stock Exchange rules.

We encourage you to submit your proxy with instructions and exercise your right to vote as a shareholder.

Can I change my vote or revoke a proxy?

An ordinary shareholder of record can revoke his or her proxy in several ways by:

(1) mailing a revised form of the Ordinary Shareholder Proxy Form dated later than the prior Ordinary Shareholder Proxy Form. The revised Ordinary Shareholder Proxy Form must be lodged with our registrar, Neville, by no later than 3:00 p.m. London time (10:00 a.m. Eastern Time) on May 7, 2024;

(2) notifying our Company Secretary in writing that you are revoking your proxy. Your revocation must be received at our registered office before the Meeting to be effective; or

(3) entering a new vote during the Meeting.

If your ordinary shares are held in an account at a brokerage firm, bank or similar organization, you may change or revoke your voting instructions by contacting the broker, bank or other nominee holding the shares or by your broker, bank or other nominee validly appointing you as proxy to attend the Meeting. See also “—*What if I plan to attend the Meeting?*”

If you hold ADSs, directly or through a broker, bank or other nominee, you must follow the instructions provided by Citibank, N.A. or such broker, bank or other nominee if you wish to change your vote. The last instructions you submit prior to the deadline indicated by Citibank, N.A. or the broker, bank or other nominee, as applicable, will be used to instruct Citibank how to vote your ADSs.

You have a power of attorney from an ordinary shareholder – how can you vote?

If you have been appointed as an attorney to act on behalf of an ordinary shareholder, you can vote using the paper proxy form only. You must ensure that the valid power of attorney and the proxy form have been deposited with Neville by no later than by 3:00 pm London time (10:00 am Eastern Time) on May 7, 2024.

Who counts the votes?

Neville has been engaged as our independent agent to tabulate shareholder votes. If you are an ordinary shareholder of record, you can return your executed form of the Ordinary Shareholder Proxy Form to Neville for tabulation (see

instructions on the Ordinary Shareholder Proxy Form). If you hold your ordinary shares through a broker, bank or similar organization, you should contact that organization in order to vote your ordinary shares.

If you are a registered holder of ADSs, you can return your executed ADS Proxy Card to Citibank for tabulation. If you hold your ADSs through a broker, bank or other organization, you should contact that organization in order to vote your ADS position.

How are votes counted?

Votes will be counted by Neville, our registrar, who will separately count “for,” “against” and “abstain” votes.

An abstain vote is not a vote in law, which means that the vote will not be counted in the calculation of votes for or against the resolution. An “abstain” vote is considered present and entitled to vote at the Meeting.

How many votes do I have?

On a show of hands, each ordinary shareholder of record present in person, and each duly authorized representative present in person of a shareholder that is a corporation, has one vote. On a show of hands, each proxy present in person who has been duly appointed by one or more shareholders has one vote, but a proxy has one vote for and one vote against a resolution if, in certain circumstances, the proxy is instructed by more than one shareholder to vote in different ways on a resolution. On a poll, each shareholder present in person or by proxy or, in the case of a corporation, by a duly authorized representative has one vote for each share held by the ordinary shareholder.

What if I plan to attend the Annual Meeting?

Ordinary shareholders can attend the Meeting, but attendance will be limited to ordinary shareholders of record as of 6:00 p.m. London time (1:00 p.m. Eastern Time) on May 7, 2024. ADS holders are also welcome to attend the Meeting, but attendance will be limited to ADS holders of record as of 5:00 p.m. Eastern Time on March 27, 2024. In order to obtain admittance to the Meeting each ordinary shareholder or ADS holder may be asked to present valid picture identification, such as a driver’s license or passport. If your ordinary shares or ADSs are held through brokerage accounts or by a bank or other nominee you may be able to attend at the discretion of the Chair.

Directions to our Meeting, which is to be held at Goodwin Procter (UK) LLP, Sancroft, Paternoster Square, London, EC4 7DX, can be obtained by sending an email to AGM@compasspathways.com.

If you are an ADS holder, please note that while you are welcome to attend the Meeting, you will not be able to cast votes at the Meeting. In order to vote your ADSs, you should complete and submit the ADS Proxy Card in accordance with the instructions set out above.

How do you solicit proxies?

In addition to these proxy materials, our directors, officers, employees and our proxy solicitor, MacKenzie Partners, Inc., may also solicit proxies. No additional compensation for soliciting proxies will be paid to our directors, officers or other employees for their proxy solicitation efforts. The estimated fees anticipated to be paid to MacKenzie Partners, Inc. are approximately \$25,000 and those costs will be borne by us (in addition to our paying the cost of mailing proxy materials). We have agreed to customary indemnification obligations with regard to MacKenzie’s solicitation of votes. The initial solicitation of proxies may be supplemented by additional mail communications and by telephone, fax, e-mail, internet and personal solicitation. We will also reimburse Citibank for their expenses in sending materials, including ADS Proxy Cards, to ADS holders of record.

What do I do if I receive more than one proxy form or set of proxy materials?

If you hold your ordinary shares in more than one account, you will receive a form of the Ordinary Shareholder Proxy Form and related proxy materials for each account. If you hold ADSs in more than one account, you will receive an ADS Proxy and related proxy materials for each account. To ensure that all of your shares are voted, please sign, date and return all forms of proxy. Please be sure to vote all of your shares.

Some banks, brokers, and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of the proxy materials is being delivered to multiple shareholders sharing an address unless contrary instructions have been received. We will promptly deliver a separate copy of any of these documents to you if you write to Neville at Neville Registrars Limited, Neville House, Steelpark Road, Halesowen, West Midlands, United Kingdom, B62 8HD, email Neville at

info@nevilleregistrars.co.uk, or call Neville at +44 (0) 121 585 1131. If you want to receive separate copies of the proxy materials in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker, or other nominee record holder, or you may contact Neville at the above address, email, or telephone number.

Will there be any other business conducted at the Meeting?

No. We have not been notified of, and our Board is not aware of, any other matters to be presented for action at the Meeting. In accordance with our Articles of Association, no matters other than proposals 1 through 13 may be presented at this Meeting.

What is Neville's and Citibank's role?

Neville is our registrar. All communications concerning ordinary shareholder of record accounts, including address changes, name changes, ordinary share transfer requirements and similar issues can be handled by contacting Neville by telephone at +44 (0) 121 585 1131 or by writing to Neville Registrars Limited, Neville House, Steelpark Road, Halesowen, West Midlands, United Kingdom, B62 8HD.

Citibank serves as our ADS depository bank. Communications concerning Registered ADS holder positions can be handled by contacting Citibank, N.A. ADR Shareholder Services by telephone: +1-877-248-4237 (toll free within the United States) or +1-781-575-4555 (for international callers) or by email: citibank@shareholders-online.com or at Citibank, N.A. Shareholder Services, P.O. Box 43077, Providence, RI 02940-3077.

How can I find out the results of the voting at the Meeting?

Voting results will be announced by the filing of a Current Report on Form 8-K with Securities and Exchange Commission (the "SEC") that we expect to file within four business days following the Meeting. If final voting results are unavailable at that time, we intend to file a Form 8-K to publish preliminary results and will file an amended current report on Form 8-K within four business days of the day the final results are available. In addition, we are required to publish the number of votes cast in favor and against the proposals, along with additional information, on our website.

How can I submit questions to be answered at the Meeting?

Ordinary shareholders and ADS holders are invited to submit their questions relating to the matters presented at the AGM in advance by sending an email to AGM@compasspathways.com by 1:30 pm U.K. time (8:30 am Eastern Time) on May 6, 2024.

We would like to respond to as many shareholders' questions as possible and therefore we will answer questions during the Meeting in a way that aims to best recognize the interests of all shareholders. To assist with this, we ask that you help us to facilitate access from as many shareholders as possible by limiting the number of questions and keeping your questions succinct, focused on and relevant to the business of the Meeting. In the interests of transparency for all shareholders, responses to questions not able to be addressed during the Meeting will be available on our website as soon as practicable following the Meeting. We will not provide an answer to a question if: (i) to do so would involve the disclosure of confidential information; (ii) the answer has already been given on a website in the form of an answer to a question; or (iii) it is undesirable in the interests of the Company or the good order of the Meeting that the question be answered.

ELECTION OF DIRECTORS

Our Board currently consists of eight members. In accordance with the terms of our Articles of Association, our Board is divided into three classes, Class I, Class II and Class III, with members of each class serving staggered three-year terms. The members of the classes are divided as follows:

- the Class I directors are David Norton and Wayne Riley and their terms will expire at the Meeting;

Proposal 4 seeks your approval of the re-appointment of PricewaterhouseCoopers LLP, an English limited liability partnership (“PwC”), to serve as our U.K. statutory auditor, to hold office until the conclusion of the 2025 annual general meeting of shareholders. In the event this proposal does not receive the affirmative vote of more than 50% of the holders of the shares entitled to vote and who are present or represented by proxy at the Meeting, the Board may appoint an auditor to fill the vacancy. **PROPOSAL 5—RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP,
AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE
FISCAL YEAR ENDING DECEMBER 31, 2024**

Proposal 5 seeks your ratification of the appointment of PwC, as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2024.

The Company’s organizational documents do not require that the shareholders ratify the selection of PwC as the Company’s independent registered public accounting firm, and shareholder ratification is not binding on the Company, the Board or the Audit and Risk Committee. The Company requests such ratification, however, as a matter of good corporate practice. Our Board, including our Audit and Risk Committee, values the opinions of our shareholders and, to the extent there is any significant vote against the ratification of the selection of PwC as disclosed in this Proxy Statement, we will consider our shareholders’ concerns and evaluate what actions may be appropriate to address those concerns, although the Audit and Risk Committee, in its discretion, may still retain PwC.

PwC has indicated its willingness to act as the Company’s auditors. A representative of PwC is not expected to be present at the Meeting.

FEES FOR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The table below sets forth a summary of the fees billed to the Company by PwC for professional services rendered during the fiscal years ended December 31, 2023 and 2022, respectively. All such services and fees were pre-approved by the Audit and Risk Committee, which concluded that the provision of such services was compatible with the maintenance of each firm’s independence in the conduct of its auditing functions.

Fees	December 31, 2023 (\$'000)	December 31, 2022 (\$'000)
Audit Fees(1)	543	500
Audit-related fees(2)	197	199
Tax fees(3)	—	—
All Other Fees(4)	587	433
Total	1,327	1,132

- (1) “Audit Fees” consist of fees billed for the audit of our annual consolidated financial statements and statutory accounts.
- (2) “Audit-related” fees consist of fees in connection with the review of our interim consolidated financial statements.
- (3) “Tax Fees” consist of fees billed for tax planning advice in respect of intercompany arrangements and structuring in connection with both our initial public offering (“IPO”) and ongoing operations.
- (4) “All Other Fees” consist of non-audit fees paid to PwC for advisory services in relation to fundraising and registration statements filed with the SEC.

The Audit and Risk Committee has determined that the rendering of non-audit services by PwC is compatible with maintaining the principal accountant’s independence.

Pre-Approval Procedures

The Audit and Risk Committee pre-approves all audit and permissible non-audit services provided by the independent registered certified public accounting firm unless an exception to such pre-approval exists under the Securities Exchange Act of 1934, as amended (the “**Exchange Act**”), or the rules of the SEC. These services may include audit services, audit-related services, tax services and other services. Our Audit and Risk Committee has pre-approved all services performed by the independent registered public accounting firm since the pre-approval policy was adopted prior to our initial public offering.

REQUIRED VOTE

The ratification of the selection of PwC as our independent registered public accounting firm requires the affirmative vote of more than 50% of the holders of the shares entitled to vote and who are present or represented by

proxy at the Meeting. This vote is advisory and non-binding. Abstentions and broker non-votes, if any, are not counted in the calculation of votes for or against this proposal.

RECOMMENDATION OF THE BOARD OF DIRECTORS

Our Board unanimously recommends that the shareholders vote “**FOR**” the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024.

PROPOSAL 6—AUTHORIZATION FOR THE AUDIT AND RISK COMMITTEE TO DETERMINE THE AUDITORS’ REMUNERATION FOR THE FISCAL YEAR ENDING DECEMBER 31, 2024

Proposal 6 authorizes the Audit and Risk Committee to determine our auditors’ remuneration for the fiscal year ending December 31, 2024. Fees for PwC, our independent registered public accounting firm and our statutory auditor, in respect of the years ended December 31, 2023 and December 31, 2022, are set forth in Proposal 5 above.

The Audit and Risk Committee is directly responsible for the appointment, retention and termination, and for determining the compensation of the Company’s independent registered public accounting firm. The Audit and Risk Committee shall pre-approve all auditing services and the terms thereof and non-audit services (other than non-audit services prohibited under Section 10A(g) of the Exchange Act or the applicable rules of the SEC or the Public Company Accounting Oversight Board (“**PCAOB**”), except that pre-approval is not required for the provision of non-audit services if the “de minimis” provisions of Section 10A(i)(1)(B) of the Exchange Act are satisfied. The Audit and Risk Committee may delegate to the chairperson of the Audit and Risk Committee the authority to grant pre-approvals for audit and non-audit services, provided such approvals are presented to the Audit and Risk Committee at its next scheduled meeting. All services provided by PwC during fiscal year 2023 were pre-approved by the Audit and Risk Committee in accordance with the pre-approval policy described above, and all audit-related fees, tax fees and other fees during the fiscal year 2023 were approved by the Audit and Risk Committee.

RECOMMENDATION OF THE BOARD OF DIRECTORS

Our Board unanimously recommends that the shareholders vote “**FOR**” the resolution to receive our U.K. statutory annual accounts and reports.

PROPOSAL 8—APPROVAL OF OUR U.K. STATUTORY DIRECTORS’ ANNUAL REPORT ON REMUNERATION

Our U.K. statutory directors’ remuneration report is set forth as *Annex A* to this Proxy Statement. The directors’ remuneration report includes the annual report on remuneration. This document describes in detail our remuneration policies and procedures and explains how these policies and procedures help to achieve our compensation objectives with regard to our directors and the retention of high-quality directors. Our Board and our Compensation and Leadership Development Committee believe that the policies and procedures as articulated in the directors’ remuneration report are effective and that as a result of these policies and procedures we have and will continue to have high-quality directors. Our Board has approved and signed the report in accordance with English law.

At the Meeting, the shareholders will vote on the annual report on remuneration. This vote is advisory and non-binding. Although non-binding, our Board and Compensation and Leadership Development Committee will review and consider the voting results when making future decisions regarding our director remuneration program. Following the Meeting, and as required under English law, the directors’ annual report on remuneration will be delivered to the U.K. Registrar of Companies.

REQUIRED VOTE

The approval of our U.K. statutory directors’ annual report on remuneration requires the affirmative vote of more than 50% of the holders of the shares entitled to vote and who are present or represented by proxy at the Meeting. This vote is advisory and non-binding. Abstentions and broker non-votes, if any, are not counted in the calculation of votes for or against this proposal.

RECOMMENDATION OF THE BOARD OF DIRECTORS

Our Board unanimously recommends that the shareholders vote “**FOR**” approval of our U.K. statutory directors’ annual report on remuneration set forth in *Annex A*.

PROPOSAL 9—APPROVAL OF OUR U.K. STATUTORY DIRECTORS' REMUNERATION POLICY

Our U.K. statutory directors' remuneration policy is set forth as Annex A to this proxy statement. Our directors' remuneration policy is used to determine the remuneration for our directors, including our Chief Executive Officer (our sole executive director). The policy has as its key objective the engagement and retention of high-quality directors. The last approved remuneration policy was approved by the shareholders at our 2021 annual general meeting and the new remuneration policy is proposed for approval at this AGM, as required by the U.K. Companies Act 2006.

As set forth in Annex A, we submit our new proposed remuneration policy, which our Board of Directors has determined is competitive and consistent with current market practices. The proposed policy is largely similar to our previously approved policy, but includes the following material changes.

- The proposed policy sets the maximum annual bonus payable to an Executive Director to 100% of his or her annual base salary and provides that the bonus amount may be paid in cash or shares, at the Compensation and Leadership Development Committee's election.
- The proposed policy provides that the maximum pension or retirement contribution, cash supplement (or combination thereof) payable by the Company shall be up to 5% of base salary, or such lesser percentage which is available to the general workforce.
- The proposed policy includes compensation recovery provisions, which are designed to comply with the mandatory compensation "clawback" requirements under Nasdaq rules that became effective as of October 2, 2023. Under the policy, in the event of an accounting restatement, we will be required, subject to limited impracticability exceptions, to recover erroneously received incentive-based compensation from our current or former executive officers representing the excess of the amount actually received over the amount that would have been received had the financial statements been correct in the first instance.

Our Board of Directors has approved the directors' remuneration policy and believes it is effective to achieve its objectives. The directors' remuneration policy, if approved, will take effect immediately upon conclusion of this Meeting and will remain valid until replaced by a new or amended policy (expected to occur at the 2027 annual general meeting of the Company). Further information about the policy is available at "Director Remuneration" and the policy is set forth as of Annex A to this proxy statement.

REQUIRED VOTE

The approval of our U.K. statutory directors' remuneration policy requires the affirmative vote of more than 50% of the holders of the shares entitled to vote and who are present or represented by proxy at the Meeting. Abstentions and broker non-votes, if any, are not counted in the calculation of votes for or against this proposal.

RECOMMENDATION OF THE BOARD OF DIRECTORS

Our Board unanimously recommends that the shareholders vote "**FOR**" approval of our U.K. statutory directors' remuneration policy set forth in *Annex A*.

PROPOSAL 10—ADVISORY (NON-BINDING) VOTE TO APPROVE THE COMPANY’S EXECUTIVE COMPENSATION

Section 14A of the Exchange Act requires that we provide our shareholders with the opportunity to vote to approve, on a non-binding, advisory basis, not less frequently than once every three years, the compensation of our named executive officers. Based on the voting results of the vote on the frequency of future votes on executive compensation at our 2022 annual general meeting of shareholders, our Board has determined that an advisory vote by the shareholders regarding named executive officer compensation will be conducted on an annual basis.

Our compensation programs are designed to effectively align our executives’ interests with the interests of our shareholders by focusing on long-term equity incentives that correlate with the growth of sustainable long-term value for our shareholders.

Shareholders are urged to read the section titled “*Executive Compensation*” in this Proxy Statement, which discusses our executive compensation policies and practices and contains tabular information and narrative discussion about the compensation of our named executive officers for the year ended December 31, 2023. Our Board and our Compensation and Leadership Development Committee believe that these policies and practices are effective in implementing our compensation philosophy and in achieving our compensation program goals.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this Proxy Statement in accordance with the compensation disclosure rules of the SEC.

Accordingly, we are asking our shareholders to vote on the following resolution at the Meeting:

RESOLVED, that the shareholders hereby approve, on a non-binding advisory basis, the compensation paid to the Company’s named executive officers, as disclosed in the Company’s Proxy Statement for the 2024 Annual General Meeting, pursuant to the compensation disclosure rules of the SEC, including the Executive Compensation section, the compensation tables and the narrative discussions that accompany the compensation tables.

REQUIRED VOTE

The approval of this advisory non-binding proposal requires the affirmative vote of more than 50% of the holders of the shares entitled to vote and who are present or represented by proxy at the Meeting. Abstentions and broker non-votes, if any, are not counted in the calculation of votes for or against this proposal.

The vote is advisory, which means that the vote is not binding on the Company, our Board or our Compensation and Leadership Development Committee. To the extent there is any significant vote against our named executive officer compensation as disclosed in this Proxy Statement, our Compensation and Leadership Development Committee will evaluate whether any actions are necessary to address the concerns of shareholders.

RECOMMENDATION OF THE BOARD OF DIRECTORS

Our Board unanimously recommends that the shareholders vote “**FOR**” the approval, on a non-binding advisory basis, of the compensation of our named executive officers, as disclosed in this Proxy Statement.

PROPOSAL 11—AUTHORIZATION OF ALLOTMENT OF SHARES

Under the U.K. Companies Act 2006, our Board of Directors cannot allot shares in the Company unless they are authorized to do so by our shareholders at a general meeting. The Directors currently have an existing authority to allot shares in the Company and to grant rights to subscribe for or convert securities into shares in the Company. This authority was granted to the Directors prior to our initial public offering in September 2020 and was in respect of a maximum aggregate nominal amount of up to £536,000 (the "**Existing Authority**").

The Existing Authority remains unexercised in respect of approximately 43% of the Company's issued ordinary share capital; however 37% is allotted and reserved for future issuances under outstanding warrants and under outstanding equity awards and in connection with future awards under our equity compensation plans. This Proposal 11 is an ordinary resolution to seek a new authority, in addition to such subsisting amounts under the Existing Authority.

Proposal 11 proposes that the Board of Directors are granted authority to allot new shares or to grant rights to subscribe for or to convert any security into shares in the Company up to a maximum aggregate nominal amount of £820,100, which represents approximately 150% of the Company's issued ordinary share capital.

If approved by shareholders, this authority will expire on May 8, 2029. If shareholders do not approve Proposal 11, the subsisting amounts under the Existing Authority granted at the time of the Company's initial public offering will continue to apply until September 10, 2025 or until such earlier time as it has been fully utilized. However, such existing authorization is only sufficient to cover future issuances under outstanding warrants, under outstanding equity awards and future equity awards under our equity compensation plans. Absent a further shareholder authorization, we do not have sufficient shares to raise capital to fund the development of the Company's business and to increase the shares reserved for issuance under the Company's equity compensation plans in accordance with such plans' "evergreen provisions".

The grant of this authority will not exempt the Company from applicable Nasdaq requirements to obtain shareholder approval prior to certain share issuances or to comply with applicable SEC disclosure requirements and other rules and regulations. Our Board of Directors will continue to focus on and satisfy its fiduciary duties to our shareholders with respect to share issuances.

If shareholders do not approve this Proposal No. 11, the Existing Authority to allot and issue shares up to the amount of our authorized but unissued share capital will continue to apply until September 10, 2025. However, our Board would generally not be able to issue any shares after September 10, 2025 (other than pursuant to any pre-existing contractual obligations, including upon exercise of outstanding warrants) without first seeking and obtaining shareholder approval for each such issuance.

This limitation on our ability to issue shares would disadvantage us vis-à-vis many of our late-stage clinical biotechnology peers (many of which are incorporated in the United States) in competing for capital. Like other late-stage clinical biotechnology companies, we intend to seek additional fundraisings when necessary to implement our operating plan. Failure to raise additional capital may inhibit us from being able to file for regulatory approval and commercialize COMP360 and could delay research and development of our investigational COMP360 psilocybin treatment, research and discovery efforts for prodrug candidates and new compounds and the achievement of other strategic goals. In light of our size and status of being a pre-revenue-generating company, the Board believes that equity financings are an appropriate method to support any potential future funding requirements. The Board believes that, in the event of an equity financing, having authorization to allot, or grant rights to subscribe for or convert securities into, our shares without needing to seek approval from shareholders at the time should allow Compass to raise funds more efficiently, with more Company favorable terms and in a timely fashion.

REQUIRED VOTE

The approval of this proposal to authorize allotment of shares requires the affirmative vote of more than 50% of the holders of the shares entitled to vote and who are present or represented by proxy at the Meeting. Abstentions and broker non-votes, if any, are not counted in the calculation of votes for or against this proposal.

RECOMMENDATION OF THE BOARD OF DIRECTORS

Our Board unanimously recommends that the shareholders vote “**FOR**” this proposal to authorize allotment of shares.

PROPOSAL 12—DISAPPLICATION OF PRE-EMPTION RIGHTS

As a UK incorporated company, the Company's shareholders are entitled, under the U.K. Companies Act 2006, to pre-emption rights, whereby, in the event that the Company wishes to allot new equity securities for cash, those securities must first be offered to existing shareholders in proportion to the number of ordinary shares they each hold before they can be offered to new shareholders unless the shareholders have sanctioned the disapplication of their statutory rights of pre-emption in respect of such allotment or grant of rights.

In practice, the operation of such pre-emption rights is onerous and can result in significant delay and additional expense to the cost of an equity fundraising. It is therefore customary for our Board of Directors to seek authority from our shareholders to dis-apply statutory pre-emption rights for cash issues of up to a limit approved by the Company's shareholders.

With the Company solely listed on Nasdaq, and the Company's peers, key shareholders and primary target market being in the United States, the Board of Directors is mindful of the fact that equivalent United States incorporated companies are not required to offer shares to existing shareholders on a pre-emptive basis in the event they are pursuing an equity fundraising. The Board considers that its requirement to offer shares to existing shareholders on a pre-emptive basis may place the Company at a disadvantage in competing for capital.

Therefore, Proposal 12 seeks a disapplication of pre-emption rights for cash issues of up to a certain proportion of the Company's issued ordinary share capital. Our Board of Directors currently has a power to allot shares as if the rights of pre-emption applicable under the U.K. Companies Act 2006 did not apply for cash issues. This power was granted to the Directors pursuant to shareholder resolutions passed on September 11, 2020 and was in respect of a maximum aggregate nominal amount of £536,000. It remains unexercised in respect of approximately 43% of the Company's issued ordinary share capital; however 37% is allotted and reserved for future issuances under outstanding warrants, under outstanding equity awards and in connection with future awards under our equity compensation plans.

Our Board of Directors have decided to seek a new disapplication of pre-emption rights for cash issues to replace the existing power. This Proposal will, if passed, give the Directors power, pursuant to the authority to allot granted by Proposal 11, to allot shares for cash or to grant rights to subscribe for or to convert any security into shares without first offering them to existing shareholders in proportion to their existing holdings up to an aggregate maximum nominal amount of £820,100, which represents approximately 150% of the Company's issued share capital as of March 27, 2024.

This Proposal will be required to be passed as a special resolution and, if passed, this power will expire on May 8, 2029. If shareholders do not approve Proposal 11 or this Proposal 12, the subsisting amounts under the existing authorization granted prior to the Company's initial public offering in September 2020 will continue to apply until September 10, 2025 (other than pursuant to any pre-existing contractual obligations, including upon exercise of outstanding warrants) or until such earlier time as it has been fully utilized. However, such existing authorization is only sufficient to cover future issuances under outstanding warrants, under outstanding equity awards and future equity awards under our equity compensation plans. Absent securing further shareholder authorization to allot new equity securities and disapply pre-emption rights for cash issues, we do not have sufficient shares to raise capital to fund the development of the Company's business through completion of our phase 3 clinical program for our investigational COMP360 psilocybin treatment and to increase the shares reserved for issuance under the Company's equity compensation plans in accordance with such plans' "evergreen provisions".

Our Board of Directors considers that, as a late-stage clinical biotechnology company, the ability to raise new equity funds at relatively short notice and at low cost is vital to the continuing financial health of the business and our ability to continue our research and development activities. We believe that it is in the best interests of the Company and our shareholders for the Board of Directors to seek to retain the ability to raise new equity funds efficiently on the best terms available and in a timely fashion.

REQUIRED VOTE

The approval of the disapplication of pre-emption rights is a special resolution and requires the affirmative vote of not less than 75% of the votes cast by shareholders present (in person or by proxy) at the Meeting and entitled to vote. On a poll, a special resolution is passed if it is approved by holders representing not less than 75% of the total

voting rights of shareholders present (in person or by proxy) who (being entitled to vote) vote on the resolution.. This vote is advisory and non-binding. Abstentions and broker non-votes, if any, are not counted in the calculation of votes for or against the proposal.

RECOMMENDATION OF THE BOARD OF DIRECTORS

Our Board unanimously recommends that the shareholders vote “**FOR**” the disapplication of pre-emption rights.

CORPORATE GOVERNANCE

Structure of our Board of Directors

Our Articles of Association and Corporate Governance Guidelines gives our Board the flexibility to determine the appropriate leadership structure for the Board, including whether the offices of Chief Executive Officer and Chair of the Board should be separate or combined and why the Board's leadership structure is appropriate given the specific characteristics or circumstances of our Company and the Board's assessment of its leadership from time to time. We currently separate the roles of Chief Executive Officer and Chair of the Board. Separating the duties of the Chair from the duties of the Chief Executive Officer allows our Chief Executive Officer to focus on our day-to-day business, while allowing the Chair to lead the Board in its fundamental role of providing advice to and independent oversight of management. Specifically, the Chair presides over meetings of the Board, facilitates communications between management and the Board and assists with other corporate governance matters. We believe that having a non-executive Chair can enhance the effectiveness of the Board as a whole.

Following the resignation of George Goldsmith from our Board, David Norton assumed the role of Board Chair on an interim basis. Previously, during the time Mr. Goldsmith served as Board Chair, Mr. Norton was designated as our lead independent director to help reinforce the independence of our Board as a whole. As lead independent director, Mr. Norton's role was to provide leadership to our Board if circumstances arose in which the roles of co-founder and significant shareholder and Board Chair may be, or may be perceived to be, in conflict, and performs such additional duties as our Board may otherwise determine and delegate, including serving as principal liaison between the Board Chair and our independent directors.

Independence of our Board of Directors

Our Board has determined that all of our current directors, other than Kabir Nath, our Chief Executive Officer, qualify as "independent" directors in accordance with the independence requirements under the applicable Nasdaq rules as well as applicable rules promulgated by the SEC. Mr. Nath is not considered independent because he is an executive officer and employee of the Company. Prior to their resignation, neither Mr. Goldsmith nor Dr. Malievskaia was considered independent because each of them served as an executive officer during the past three years.

Our Board has made a subjective determination as to each independent director that no relationships exist that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our Board reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities and relationships as they may relate to us and our management. Mr. Goldsmith is married to Dr. Malievskaia. There are no other family relationships among any of our directors or executive officers.

Our independent directors meet in regularly scheduled executive sessions at which only independent directors are present. The Audit and Risk Committee, the Compensation and Leadership Development Committee and the Nominating and Corporate Governance Committee are each comprised entirely of directors determined by the Board to be independent.

Board Oversight of Risk Management and ESG Matters

Our management is primarily responsible for assessing and managing risk and one of the key functions of the Board is informed oversight of our risk management process. In carrying out its risk oversight responsibilities, the Board reviews the long and short-term operational and external risks facing the Company through its participation in long-range strategic planning, and ongoing reports from various Board standing committees that address risks inherent in their respective areas of oversight. On an ongoing basis, the Board and management identify key long and short-term risks, assess their potential impact and likelihood, and, where appropriate, implement operational measures and controls or purchase insurance coverage in order to help ensure adequate risk mitigation.

The Board is supported by its committees in fulfillment of its risk oversight responsibilities. For example, our Audit and Risk Committee focuses on our overall financial risk by evaluating our internal controls and disclosure policies

as well as ensuring the integrity of our financial statements and periodic reports. The Audit and Risk Committee also monitors compliance with legal and regulatory requirements and oversees our risk and compliance framework, including risks related to cybersecurity, information security and data privacy, and our code of conduct and ethics. At its meetings, our Audit and Risk Committee receives reports concerning material risks and significant updates on compliance and risk management matters from our Chief Legal Officer and other executive officers, as necessary. Our Compensation and Leadership Development Committee strives to create incentives that encourage an appropriate level of risk-taking consistent with our business strategy. Finally, our Nominating and Corporate Governance Committee works to ensure that our governance policies and procedures are appropriate in light of the risks we face.

Most of the Environmental, Social, and Governance (“ESG”) matters prioritized as part of our ESG framework are embedded in the Company’s strategic and operational plans, and are therefore overseen by the Board as part of regular updates and discussions that the Board receives and holds on these plans. The Board also specifically discusses our ESG framework at least once a year. Furthermore, Board oversight of specific ESG matters occurs through the committees of the Board: our Nominating and Corporate Governance Committee oversees our corporate governance guidelines; our Audit and Risk Committee oversees our risk and compliance framework, our code of conduct and ethics, as well as data privacy and security matters; and our Compensation and Leadership Development Committee oversees talent and employee-related matters, and human capital management strategies, including our employee well-being program and equity, diversity and inclusion initiatives.

Board Evaluation Process

Our Board is committed to assessing its own performance as a board in order to identify its strengths as well as areas in which it may improve its performance. The board evaluation process, which is overseen by the Nominating and Corporate Governance Committee, involves the completion of annual written questionnaires by the directors and interviews with members of the Board and, where appropriate from time to time, may include interviews with key members of management and key advisors to the Board. The results of the board evaluation process are reviewed and discussed, including considerations of action plans to address any issues, by both the Nominating and Corporate Governance Committee and our Board.

Committees of Our Board of Directors

Our Board has three standing committees: the Audit and Risk Committee, the Compensation and Leadership Development Committee, and the Nominating and Corporate Governance Committee. We also have an Innovation and Research Committee, which meets on an ad hoc, as needed basis and does not yet have a charter in place that governs its purpose and duties. The Innovation and Research Committee meets to oversee the development and progress of programs to research and develop drug and technology assets that aid our mission to accelerate patient access to evidence-based innovation in mental health. The charters for our Audit and Risk Committee, Compensation and Leadership Development Committee and Nominating and Corporate Governance Committee can be found on the “Corporate Governance–Documents and Charters” section of our investor relations website at ir.compasspathways.com. Each such committee reviews these charters at least annually.

Audit and Risk Committee

Our Audit and Risk Committee currently consists of Annalisa Jenkins, Daphne Karydas, Linda McGoldrick and Robert McQuade and assists our Board in overseeing our accounting and financial reporting processes. Ms. Karydas serves as chair of our Audit and Risk Committee. Our Audit and Risk Committee consists exclusively of members of our Board who are financially literate, and Dr. Jenkins, Ms. Karydas and Dr. McGoldrick are each considered an “audit committee financial expert” as defined by applicable SEC rules and has the requisite financial sophistication as defined under the applicable Nasdaq rules and regulations. Our Board has determined that all of the members of our Audit and Risk Committee satisfy the “independence” requirements set forth in Rule 10A-3 under the Exchange Act. Our Audit and Risk Committee met four times in 2023 and oversees and reviews our internal controls, accounting policies and financial reporting, and provides a forum through which our independent registered public accounting firm reports. Our Audit and Risk Committee meets regularly with our independent registered public accounting firm without management present. Our Audit and Risk Committee operates under a written charter that satisfies the applicable standards of the SEC and Nasdaq.

Our Audit and Risk Committee’s responsibilities include:

- appointing, approving the compensation of, and assessing the performance and independence of our independent registered public accounting firm;
- approving auditing and permissible non-audit services, and the terms of such services, to be provided by our independent registered public accounting firm;
- reviewing the audit plan with the independent registered public accounting firm and members of management responsible for preparing our financial statements and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures as well as critical accounting policies and practices used by us;
- discussing with the independent registered public accounting firm its independence and obtaining required written communications required by the PCAOB;
- exercising general oversight over our information security and technology risks, including our cybersecurity and information security and related risk management programs; and
- monitoring the integrity of our financial statements and our compliance with legal and regulatory requirements and reviewing all related party transactions for potential conflict of interest situations and approving all such transactions.

Compensation and Leadership Development Committee

Our Compensation and Leadership Development Committee currently consists of Annalisa Jenkins, David Norton and Wayne Riley. Dr. Jenkins serves as chair of our Compensation and Leadership Development Committee. Under SEC and Nasdaq rules, there are heightened independence standards for members of our Compensation and Leadership Development Committee, including a prohibition against the receipt of any compensation from us other than standard board member fees. Each member of our Compensation and Leadership Development Committee is a non-employee director, as defined in Rule 16b-3 promulgated under the Exchange Act. Our Board has determined that each member of our Compensation and Leadership Development Committee is “independent” as defined under the applicable Nasdaq rules. Our Compensation and Leadership Development Committee held five meetings during 2023.

Our Compensation and Leadership Development Committee’s responsibilities include:

- reviewing policies relevant to the consideration and determination of compensation of our directors and executive officers;
- overseeing and administering our employee equity incentive plans in operation from time to time, including reviewing and approving grants and awards;
- reviewing and approving certain corporate goals and objectives relating to the compensation of our chief executive officer, evaluating the performance of our chief executive officer in light of such corporate goals and objectives, and recommending the compensation of our chief executive officer to the Board based on such evaluation;

- reviewing and recommending to our Board the compensation of our other executive officers and our directors;
- overseeing our strategies, programs and initiatives related to equity, diversity and inclusion, gender pay parity and creating a positive working environment;
- reviewing and overseeing our human capital management strategies, policies and practices, including employee health, safety and well-being, workforce belong, inclusion and diversity efforts and overall employee engagement and retention; and
- reviewing and approving the retention of consulting firm or outside advisor to assist in the evaluation of compensation matters.

The Compensation and Leadership Development Committee has the authority to delegate certain responsibilities to one or more subcommittees consisting of one or more of its members, but has not delegated such authority to a subcommittee.

Our Board has delegated to the Compensation and Leadership Development Committee the authority to approve any proposed compensation for our executive officers other than the Chief Executive Officer whose compensation is recommended to the Board for approval based on the Compensation and Leadership Development Committee's evaluation of his performance in relation to our goals and objectives. Non-executive director compensation is recommended by our Compensation and Leadership Development Committee to the Board for approval. Our Chief Executive Officer may participate in general discussions with our Compensation and Leadership Development Committee and Board about these compensation matters, but he does not participate in discussions during which his individual compensation is being considered and approved.

In 2023, the Compensation and Leadership Development Committee retained the services of Aon's Human Capital Solutions practice, a division of Aon plc ("Aon"), an independent compensation consultant, to assist the Compensation and Leadership Development Committee with respect to compensation actions in 2023 with the goal of ensuring that our compensation arrangements for our Chief Executive Officer, our other executive officers and our non-executive directors were competitive.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee currently consists of Thomas Lönngren, Linda McGoldrick and Wayne Riley. Mr. Lönngren serves as chair of our Nominating and Corporate Governance committee. Our Board has determined that each member of our Nominating and Corporate Governance Committee is "independent" as defined under the applicable Nasdaq rules. Our Nominating and Corporate Governance Committee held six meetings during 2023.

Our Nominating and Corporate Governance committee's responsibilities include:

- developing and recommending to the Board criteria for board and committee membership;
- establishing procedures for identifying and evaluating board of director candidates, including nominees recommended by shareholders, including procedures by which shareholders may recommend director candidates;
- identifying individuals qualified to become members of the Board;
- evaluating the suitability of individual prospective director candidates, including considering the benefits of diversity, including diversity of thought, educational and professional background, gender, race, age, sexual orientation or ethnic and national background;
- recommending to our Board the persons to be nominated for election as directors and to each of our Board's committees;
- developing and recommending to our Board a set of corporate governance guidelines, and regularly reviewing policies and guidelines adopted by the Board or its committees; and
- overseeing the evaluation of our Board and its committees.

Our Board is responsible for filling vacancies on our Board and for nominating candidates for election by our shareholders each year in the class of directors whose term expires at the relevant annual general meeting. The Board delegates the selection and nomination process to the Nominating and Corporate Governance Committee,

with the expectation that other members of the Board, and of management, will be requested to take part in the process as appropriate.

The Nominating and Corporate Governance Committee considers candidates for Board of Director membership by soliciting recommendations from any of the following sources: independent directors, the Chief Executive Officer, other executive officers, third-party search firms, or any other source it deems appropriate. Additionally, the Nominating and Corporate Governance Committee will review and evaluate the qualifications of any such proposed candidate, and conduct inquiries it deems appropriate. Any shareholder who wishes to recommend a candidate for consideration by the committee as a nominee for director should follow the procedures described later in this Proxy Statement under the heading “*Additional Information—Shareholder Proposals.*”

Director Nomination Process

The process followed by our Nominating and Corporate Governance Committee to identify and evaluate director candidates includes requests to board members and others for recommendations, including through the use of search firms or other advisors, meetings from time to time to evaluate biographical information and background material relating to potential candidates, and interviews of selected candidates by management, recruiters, members of the committee and our Board.

Once candidates have been identified, the Nominating and Corporate Governance Committee confirms that the candidates meet all of the minimum qualifications and other criteria for director nominees approved by the Board and all facts and circumstances that it deems appropriate or advisable. The Nominating and Corporate Governance Committee may gather information about the candidates that relate to their skills, their depth and breadth of business experience or other background characteristics, their independence, the needs of the Board and any other item of information that the Nominating and Corporate Governance Committee deems to be appropriate in the evaluation process. The Nominating and Corporate Governance Committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of our Board. Based on the results of the evaluation process, the Nominating and Corporate Governance Committee recommends candidates for the Board’s approval to fill a vacancy or as director nominees for election to the Board by our shareholders each year in the class of directors whose term expires at the relevant annual general meeting.

The qualifications, qualities and skills that our Nominating and Corporate Governance Committee believes must be met by a nominee for a position on our Board are as follows:

- The nominee shall have experience at a strategic or policymaking level in a business, government, non-profit or academic organization of high standing.
- The nominee shall be accomplished in his or her respective field, with superior credentials and recognition.
- The nominee shall be well regarded in the community and shall have a long-term reputation for the high ethical and moral standards.
- The nominee shall have sufficient time and availability to devote to the affairs of the Company, particularly in light of the number of boards of directors on which such nominee may serve.
- To the extent such nominee serves or has previously served on other boards, the nominee shall have a demonstrated history of actively contributing at board meetings.

While we have no formal policy regarding board diversity, our Corporate Governance Guidelines and Nominating and Corporate Governance Committee charter provide that when evaluating proposed director candidates, the Nominating and Corporate Governance Committee (or any search firm acting under the direction of the Nominating and Corporate Governance Committee) shall consider the benefits of diversity, including diversity of thought, educational and professional background, gender, race, age, sexual orientation or ethnic and national background. Our priority in selection of board members is identification of members who will further the interests of our shareholders through consideration of a number of facts and circumstances, including among other things, the skills of the prospective director candidate, his or her depth and breadth of business experience or other background characteristics, his or her independence and the needs of the Board.

The table below provides certain highlights of the composition of our Board members and nominees as of March 27, 2024. Each of the categories listed in the below table has the meaning as it is used in Nasdaq Rule 5605(f).

Shareholder Recommendations and Nominees

Our Nominating and Corporate Governance Committee considers both recommendations and nominations for candidates to the Board from shareholders so long as such recommendations and nominations comply with our Articles of Association, Nominating and Corporate Governance Committee charter and applicable laws, including the rules and regulations of the SEC. Shareholders may recommend director nominees for consideration by the Nominating and Corporate Governance Committee by writing to our Company Secretary at the address below not less than 120 days prior to the date on which the Company’s proxy statement is released to shareholders in connection with the previous year’s annual meeting. Shareholder recommendations for director candidates must include the nominee’s name and address of record, a representation that the shareholder is a holder of the Company’s securities, as well as the nominee’s detailed biographical data and qualifications for board membership, information regarding any arrangements or understandings between the shareholder and the recommended candidate, the consent of the proposed nominee to be named in the proxy statement and serve as a director if elected and any other information regarding the nominee that is required to be included in a proxy statement.

Following verification of the shareholder status of the person submitting the recommendation, all properly submitted recommendations will be promptly brought to the attention of the Nominating and Corporate Governance Committee. Shareholders who desire to nominate persons directly for election to the Board at an annual general meeting of shareholders must meet the deadlines and other requirements set forth under “*Additional Information — Shareholder Proposals.*” Any vacancies on the Board occurring between our annual general meetings of shareholders may be filled by persons selected by a majority of the directors then in office, in which case any director so elected will serve until the next annual general meeting of shareholders when such director will offer himself/herself for re-election, or by persons elected by an ordinary resolution of the shareholders of the Company.

DIRECTOR COMPENSATION

Under our Directors' Remuneration Policy for Non-Executive Directors ("**Director Compensation Policy**"), the Board has the discretion to pay cash and equity fees to our non-executive directors for their Board and committee service. In addition to cash compensation, each non-executive director is eligible to receive share options under our equity incentive plans. The value of all equity awards and cash compensation to any non-executive director in any calendar year for services as a non-executive director shall not exceed £750,000. We do not have a formal share ownership guideline policy for non-executive directors.

During 2023, our Director Compensation Policy provided that each new non-executive director elected to our Board was granted an initial one-time equity award of options to purchase 52,000 of our ADS on the date of such director's initial election or appointment to the Board and each continuing non-executive director will receive 26,000 options (39,000) in the case of the Board Chair) on the date of our annual general meeting. Accordingly, on June 2, 2023, the date of our 2023 AGM, the Board Chair was granted an option to purchase 39,000 of our ADSs and each ongoing non-executive director that continued to serve on the board (excluding the Board Chair) was granted an option to purchase 26,000 of our ADS. EXECUTIVE SUMMARY

Business Overview

We are a late-stage, clinical biotechnology company dedicated to accelerating patient access to evidence-based innovation in mental health. Our initial focus is on treatment-resistant depression, or TRD, a subset of major depressive disorder, or MDD, comprising patients who are inadequately served by the current treatment paradigm. In 2023, we progressed our Phase 3 clinical program in TRD, consisting of two pivotal trials, which are the first Phase 3 trials of a psilocybin agent.

Corporate Performance Highlights

We have made substantial progress during 2023, including:

Prepare for NDA Readiness for COMP360 in TRD:

- Progressed a Phase 3 program in TRD, consisting of two pivotal trials, which is the first ever Phase 3 program of psilocybin

Prepare for commercial launch of COMP360 in TRD

- Collaborated with Lykos Therapeutics to apply for a new CPT III code for the delivery of psychedelic treatments with the goal of ensuring broad and equitable access to psychedelic therapies, if approved, for people who urgently need new options to treat their mental health conditions, which was accepted by the American Medical Association and became effective January 1, 2024
- Entered into research collaborations with Greenbrook TMS and Hackensack Meridian Health to explore and develop multiple potential commercial delivery models for COMP360 psilocybin treatment if approved

Manage our cash runway and ensure value for shareholders

- Completed a successful round of financing in August 2023 with a select group of healthcare specialist investors in which we expanded our shareholder base and raised \$125 million in gross proceeds upfront and

issued warrants, which are exercisable at the election of the holder between February 2024 and February 2027 and if all warrants are exercised for cash would result in an additional approximately \$160 million in gross proceeds

- Secured term loan facility in June 2023 for up to \$50 million from Hercules Capital, with an initial draw of \$30 million at closing, a second tranche for up to \$10 million, subject to the achievement of specified performance milestones and a third tranche for up to \$10 million, which is available solely at the lender's discretion
- Raised approximately \$29 million in gross proceeds from sales under our ATM facility during 2023

Grow pipeline beyond COMP360 in TRD

- Completed enrollment of our open-label phase 2 study evaluating safety and tolerability of COMP360 in 22 patients with PTSD study and announced initial safety findings from this study at 24 hours
- Continued to progress our phase 2 study in anorexia nervosa
- Advanced non-oral psilocin prodrug program and ongoing research on prodrug development, which has led to a number of potential candidate leads being identified that we plan to continue through further research-based development

Maintain our unique culture while maturing our organizational processes

- Developed a high-performing team and a mission-driven organization committed to high standards of quality and compliance
- Maintained a very strong 52% net promoter score (according to Qualtrics XM Institute, a score of between 10 to 30% is good and a score of 30% or more is excellent)
- Enhanced our risk management reporting, compliance maturity and quality processes

OVERVIEW OF EXECUTIVE COMPENSATION PROGRAM

Executive Compensation Philosophy

Our executive compensation program is guided by our overarching philosophy of paying for performance. Consistent with this philosophy, we have designed our executive compensation program with the following principles in mind:

- Attract, retain, and motivate high caliber executive talent and focus them on the delivery of the Company's strategic and business objectives;
- Be competitive against appropriate market benchmarks and have a strong link to performance, providing the ability to earn above-market rewards for strong performance;
- Be simple and understandable, both internally and externally;
- Encourage increased equity ownership to motivate executives in the overall interests of shareholders, the Company, employees and customers; and
- Take due account of good governance and promote the long-term success of the Company.

Executive Compensation Program Design

Our executive compensation program is designed to be reasonable and competitive, and balance our goal of attracting, motivating, rewarding and retaining top-performing senior executives with our goal of aligning their interests with those of our shareholders. The Compensation and Leadership Development Committee annually evaluates our executive compensation program to ensure that it is consistent with our short-term and long-term goals and market competitive practices.

Our executive compensation program consists of a mix of compensation elements that balance achievement of our short-term goals with our long-term performance. We provide short-term incentive compensation opportunities in

the form of annual cash bonuses, which focus on our achievement of annual goals. We also provide long-term incentive compensation opportunities in the form of equity awards. We provide a combination of share options with an exercise price equal to fair market value, or "market-priced" options, and full-value awards (in the form of restricted share units for U.S. taxpayers and options with an exercise price equal to the nominal value of a share, or nominal cost options, for non-U.S. taxpayers) and which focus executive attention on our long-term performance. We believe that market-priced options provide a strong reward for growth in the market price of our shares because their entire value depends on future share price appreciation. We believe that restricted share units and nominal cost options are important elements of a competitive compensation program from a retention perspective, as the companies with whom we compete for talent typically offer a combination of share options and restricted share units.

Our executive compensation program is also designed to incorporate sound practices for compensation governance. Below we summarize such practices.

What We Do:

- ✓ ***Maintain an Independent Compensation and Leadership Development Committee.*** The Compensation and Leadership Development Committee consists solely of independent directors.
- ✓ ***Retain an Independent Compensation Advisor.*** The Compensation and Leadership Development Committee engages its own compensation advisor to provide information and analysis related to annual executive compensation decisions, including the 2023 executive compensation decisions, and other advice on executive compensation independent of management.
- ✓ ***Review Executive Compensation Annually.*** The Compensation and Leadership Development Committee annually reviews our compensation strategy, including a review and determination of our compensation peer group used for comparative purposes.
- ✓ ***Design Compensation At-Risk.*** Our executive compensation program is designed so that a significant portion of our executive officers' compensation is "at risk" based on our corporate performance, as well as equity-based, to align the interests of our executive officers and shareholders.
- ✓ ***Use a Pay-for-Performance Philosophy.*** Our executive officers' compensation is directly linked to achievement of company goals and includes a significant long-term equity component, thereby making a substantial portion of each executive officer's total compensation dependent upon our share price.
- ✓ ***Maintain a Compensation Recovery Policy.*** We adopted a compensation recovery policy designed to comply with the mandatory compensation "clawback" requirements under Nasdaq rules that became effective as of October 2, 2023.

What We Don't Do:

- ✗ ***No Excessive Executive Perquisites or Personal Benefits.*** We do not provide excessive executive perquisites or personal benefits to our executive officers.
- ✗ ***No Post-Employment Tax Payment Reimbursement.*** We do not provide any tax reimbursement payments (including "gross-ups") on any change-in-control or severance payments or benefits.
- ✗ ***No Hedging or Pledging.*** Our Insider Trading Policy prohibits our executive officers, the non-employee members of our Board and certain designated employees from hedging or pledging our securities, or engaging in short sales or trading in standardized options related to our securities.

“Say-on-Pay” Vote on Executive Compensation

Annually, at our general meeting of shareholders, we hold a non-binding advisory vote regarding the compensation of our named executive officers, which we refer to as say-on-pay. The Compensation and Leadership Development Committee has considered and will continue to consider the outcome of such say-on-pay votes, including the percentage of votes cast in favor and against the say-on-pay proposal, when making future compensation decisions for our named executive officers. The Compensation and Leadership Development Committee also relies on advice from its compensation consultants, its evaluation of Company performance against pre-defined corporate goals, its understanding of the challenges facing the Company and its observations of executive officer performance to determine executive officer compensation.

At our 2023 AGM, the non-binding advisory vote of shareholders supported the compensation of the named executive officers identified in our 2023 proxy statement by 98.0% of the votes cast at the meeting. These votes for and against the say-on-pay proposal, together with available feedback from investors, have been and will continue to be considered by the Compensation and Leadership Development Committee when making compensation decisions for our executive officers.

Our current directors' remuneration policy was approved by the shareholders at our 2021 annual general meeting. Our directors' remuneration policy applies to our executive and non-executive directors and covers allowable compensation for our current and future executive and non-executive directors. Our directors' remuneration policy applies to two of our named executive officers, Mr. Nath, our current Chief Executive Officer, and Dr. Malievskaia our former Chief Innovation Officer, each of whom were executive directors of the Company during 2023 and will continue to serve on our Board for 2024, subject to re-election of Dr. Malievskaia at this annual general meeting of shareholders. In 2023, Mr. Nath did not receive compensation for his service on our Board and Dr. Malievskaia did not receive any compensation for her service on our Board during the period of time she served as our Chief Innovation Officer. After Dr. Malievskaia stepped down from her role as Chief Innovation Officer in June 2023, she began to receive compensation for her service on our Board in accordance with our Director Compensation Policy.

Among other things, our existing directors' remuneration policy sets a cap on the annual bonus payable to an executive director at 125% of the target bonus level and limits the pension contribution or cash supplement payable by the Company to 3% of salary for the U.K.-based executive directors, in line with the wider workforce, which has a 3% pension contribution, but may be up to 8% for certain executive officers. Mr. Nath joined us in 2022 and is eligible to participate in our 401(k) retirement plan on the same terms as our U.S. based employees, including the company match of up to 4% of salary, subject to statutory limitations on contributions.

Our new remuneration policy is proposed for approval at this Meeting and will remain valid until replaced by a new or amended policy (expected to occur at the 2027 annual general meeting of the Company). Our new proposed remuneration policy, which our Board of Directors has determined is competitive and consistent with current market practices. The proposed policy is largely similar to our previously approved policy, but includes the following material changes.

- The proposed policy sets the maximum annual bonus payable to an Executive Director to 100% of his or her annual base salary and provides that the bonus amount may be paid in cash or shares, at the Compensation and Leadership Development Committee's election.
- The proposed policy provides that the maximum pension or retirement contribution, cash supplement (or combination thereof) payable by the Company shall be up to 5% of base salary, or such lesser percentage which is available to the general workforce.
- The proposed policy includes compensation recovery provisions, which are designed to comply with the mandatory compensation “clawback” requirements under Nasdaq rules that became effective as of October 2, 2023. Under the policy, in the event of an accounting restatement, we will be required to recover erroneously received incentive-based compensation from our current and former executive officers representing the excess of the amount actually received over the amount that would have been received had the financial statements been correct in the first instance.

Governance of Executive Compensation Program

Role of the Compensation and Leadership Development Committee and the Board of Directors

Our Compensation and Leadership Development Committee, which is comprised entirely of independent directors, is responsible for discharging our Board's responsibilities relating to compensation of our directors and executives,

overseeing our overall compensation structure, policies and programs, and reviewing our processes and procedures for the consideration and determination of director and executive compensation.

The Compensation and Leadership Development Committee's approach to remuneration matters is to enable the Company to attract and retain talent, incentivize long-term value generation, and effectively manage the Company's cash resources. It is the belief of the Compensation and Leadership Development Committee that this is best achieved through a greater emphasis on variable rather than fixed remuneration, comprised of a mix of base salary and benefits, along with the flexibility to appropriately reward and incentivize with variable pay and long-term incentives.

Our Compensation and Leadership Development Committee has the authority to retain, at our expense, one or more third-party compensation consultants to assist the Compensation and Leadership Development Committee in performing its responsibilities. At the beginning of the year, the Compensation and Leadership Development Committee reviews and recommends, in the case of our Chief Executive Officer, and approves, in the case of our other named executive officers, the primary elements of compensation—base salary increases, cash bonus targets, and annual equity awards, as authorized by the Board pursuant to the Compensation and Leadership Development Committee charter. In addition, the Compensation and Leadership Development Committee may deem it advisable to review and approve subsequent compensation opportunities for our executive officers, including our named executive officers.

Compensation-Setting Factors

When reviewing and approving the amount of each compensation element and the target total compensation opportunity for our executive officers, the Compensation and Leadership Development Committee considers the following factors:

- the Company's performance during the year, based on business and corporate goals and priorities established by the Chief Executive Officer and the Board of Directors;
- each executive officer's skills, experience and qualifications relative to other similarly-situated executives at the companies in our compensation peer group;
- the scope of each executive officer's role compared to other similarly-situated executives at the companies in our compensation peer group;
- the performance of each individual executive officer, based on an assessment of their contributions to our overall performance, ability to lead their department and work as part of a team, all of which reflect our values;
- compensation parity among our executive officers;
- the dilutive impact of equity awards;
- our retention goals;
- general economic and market conditions and rate of inflation;
- changes in the size and complexity of the Company as we transitioned to a Phase 3 clinical development company and prepare to transition from a clinical-stage company to a fully integrated biotechnology company in anticipation of our first product launch;
- the expectations of institutional shareholders and any specific feedback received from shareholders; and
- the recommendations provided by the Chief Executive Officer with respect to the compensation of our executive officers, other than his own compensation.

These factors provide the framework for compensation decisions for each of our executive officers, including our named executive officers. The Compensation and Leadership Development Committee and the Board, as applicable, do not assign relative weights or rankings to these factors, and do not consider any single factor as determinative in the compensation of our executive officers. Rather, the Compensation and Leadership Development Committee and the Board, as applicable, rely on their own knowledge and judgment in assessing these factors and making

compensation decisions. Our Chief Executive Officer, Mr. Nath, does not participate in the Compensation and Leadership Development Committee's deliberations concerning his own compensation.

Role of Management

In discharging its responsibilities, the Compensation and Leadership Development Committee works with management, including our Chief Executive Officer. Our management assists the Compensation and Leadership Development Committee by providing information on corporate and individual performance, market compensation data and management's perspective on compensation matters.

In addition, at the beginning of each year, our Chief Executive Officer reviews the performance of our other executive officers, including our other named executive officers based on our achievement of our corporate goals and each executive officer's overall performance during that year. The Compensation and Leadership Development Committee solicits and reviews our Chief Executive Officer's recommendations for base salary increases, annual cash bonuses, annual equity awards and any other compensation opportunities for our other executive officers, including our other named executive officers, and considers our Chief Executive Officer's recommendations in determining such compensation.

Role of Compensation Consultant

The Compensation and Leadership Development Committee engages an external compensation consultant to assist it by providing information, analysis and other advice relating to our executive compensation program. For 2023, the Compensation and Leadership Development Committee engaged Aon as its independent compensation consultant to advise on executive compensation matters including:

- review and analysis of the compensation for our executive officers, including our named executive officers;
- research, development and review of our compensation peer group and our equity grant guidelines; and
- support on other compensation matters as requested throughout the year.

Aon reports directly to the Compensation and Leadership Development Committee and to the Compensation and Leadership Development Committee chair. Aon also coordinates with our management for data collection and job matching for our executive officers. The Compensation and Leadership Development Committee reviewed its relationship with Aon and considered Aon's independence in light of all relevant factors, including those set forth in the Exchange Act and in applicable Nasdaq listing rules. The Compensation and Leadership Development Committee concluded that the work performed by Aon and Aon's senior advisors involved in the engagements did not raise any conflict of interest. In reaching these conclusions, our Compensation and Leadership Development Committee considered the factors set forth in the SEC rules and the applicable Nasdaq rules.

Role of Market Data

For purposes of comparing our executive compensation against the competitive market, the Compensation and Leadership Development Committee reviews and considers the compensation levels and practices of a group of peer companies. This compensation peer group consists of public biotechnology companies that are similar to us in terms of market capitalization, stage of development and number of employees. As a Nasdaq-listed biotechnology company with operations in the U.S. and Europe, we operate within a global marketplace for talent. Given that the market for experienced executive talent in the biotechnology industry is competitive, particularly in the U.S., the Compensation and Leadership Development Committee references the U.S. market as the leading indicator for remuneration levels and practices. The Committee also considers the general U.K. compensation frameworks when making decisions on executive compensation. The Compensation and Leadership Development Committee reviews our compensation peer group annually and makes adjustments to our peer group if necessary, taking into account changes in both our business and our peer companies' businesses. The Compensation and Leadership Development Committee also uses market data from our compensation peer group as one factor in evaluating whether the compensation for our executive officers is competitive in the market. The Compensation and Leadership Development Committee and the Board, as applicable, also rely on their own knowledge and judgment in evaluating market data and making compensation decisions.

To determine the composition of the peer group for 2023, the Compensation and Leadership Development Committee considered the following criteria:

- publicly-traded companies listed in the United States (including both U.S.-headquartered and European-headquartered companies), with a preference towards companies with a recent IPO (*i.e.*, within the past five years);
- companies in the pre-commercial biotechnology or health care technology sectors, with preference towards mental health care and healthcare technology platform companies, as appropriate;
- similar market capitalization—within a range of approximately 0.33x to approximately 3.0x our market capitalization in mid-2022;
- the stage of development of each company’s development candidates, with a focus on companies with late-stage clinical programs (as we were preparing for our transition to a phase 3 company in mid-2022); and
- similar headcount—within a range of 50 to 350 employees based on our expected growth headcount in mid-2022

This analysis led to the selection of the following peer group which was used to make the relevant compensation assessments for 2023 for purposes of establishing 2023 annual base salary, target bonus and equity awards for our named executive officers.

PRIMARY ELEMENTS OF EXECUTIVE COMPENSATION PROGRAM

The primary elements of our executive compensation program are:

- base salary;
- short-term incentive compensation in the form of annual cash bonuses; and
- long-term incentive compensation in the form of annual equity awards.

Our executive officers, including our named executive officers, are also eligible to participate in our standard employee benefit plans, such as our health and welfare benefits plans, and defined contribution retirement plans on the same basis as our other employees in the U.S. or U.K., as applicable. In addition, as described below, our executive officers, including our named executive officers, are entitled to certain severance payments, change-in-control severance payments and benefits pursuant to their employment agreements, described herein.

Base Salary

We pay base salaries to our executive officers, including our named executive officers, to provide a market competitive fixed remuneration that reflects the responsibilities of the role undertaken, the experience of the individual, and their performance in the role over time. At the time of hire, base salaries are determined for our executive officers, including our named executive officers, based on the factors described in “*Governance of Executive Compensation Program—Compensation-Setting Factors*” above. Typically, at the beginning of each year, the Compensation and Leadership Development Committee reviews base salaries for our executive officers,

including our named executive officers, based on such factors to determine if an increase is appropriate. In addition, base salaries may be adjusted in the event of a promotion or significant change in responsibilities.

2023 Annual Base Salary

In January 2023, the Compensation and Leadership Development Committee implemented base salary increases for the named executive officers, after considering rising inflation rates and revised benchmarking for roles.

Named Executive Officer ⁽¹⁾	2022 Annual Base Salary	2023 Annual Base Salary	Percentage Increase
Kabir Nath	\$580,000	\$594,500	2.5%
Guy Goodwin	\$411,540	\$411,540	—%
Matthew Owens	\$373,110	\$398,108	6.7%
Michael Falvey	\$430,000	\$439,890	2.3%
Ekaterina Malievskaia	\$380,572	\$380,572	—%

(1) All amounts, except those for Mr. Nath and Mr. Falvey, have been converted from GBP to USD using the 2023 average FX rate (£1:\$1.2437).

The actual base salaries paid to our named executive officers in 2023 are set forth in the “*Summary Compensation Table*” below.

Short-Term Incentive Compensation

Annual Cash Bonuses

We provide short-term incentive compensation opportunities to our executive officers, including our named executive officers, in the form of annual cash bonuses to incentivize and award delivery of the Company’s strategy and corporate objectives on an annual basis. For 2023, we determined annual cash bonuses based on a review of our overall corporate performance and a distinct individual performance assessment for each of the named executive officers to recognize their individual and team objectives within their respective functional areas.

Performance Goals

At the beginning of each year, the Board discusses with the Chief Executive Officer the annual corporate performance objectives that are intended to be the most significant drivers of our short-term and long-term success.

After the end of the relevant financial year, the Compensation and Leadership Development Committee assesses the results of the corporate goals, reviews management’s self-assessment, evaluates specific achievements that advanced the prior year’s corporate objectives, and determines our overall success in the prior year. The Compensation and Leadership Development Committee considers our Chief Executive Officer’s recommendations, and independently reviews and approves the total percentage achievement level for each of the other named executive officers.

Target Annual Bonuses

At the time of hire, the target annual bonus is determined for each of our named executive officers, and at the beginning of each year, the Compensation and Leadership Development Committee reviews and determines whether to change the target annual bonus for each such individual. The Compensation and Leadership Development Committee considers the factors described in “*Governance of Executive Compensation Program—Compensation-Setting Factors*” above, with an emphasis on market data from our compensation peer group for comparable positions. Target annual bonuses represent a specific percentage of annual base salary. Each year, we evaluate our target annual bonuses relative to our executive peer group and adjust the targets, as appropriate, to stay aligned with our compensation philosophy. In January 2023, we kept the target annual bonuses at 60% for Mr. Nath, 45% for each of Mr. Falvey and Dr Malievskaia and 40% for each of Dr. Goodwin and Mr. Owens.

2023 Annual Cash Bonuses

The 2023 corporate goals and achievements are set forth below. The Compensation and Leadership Development Committee determines the range of our corporate performance from a threshold of 50% to a maximum of 125%. No bonus is paid to any executive officer unless 50% of the corporate goals are achieved.

Corporate Goals and Achievements

- **Prepare for NDA readiness for COMP360 in TRD** – During 2023, we progressed a Phase 3 program in TRD, consisting of two pivotal trials, which is the first ever Phase 3 program of psilocybin.
- **Prepare for commercial launch in TRD** – In collaboration with Lykos Therapeutics, we applied for a new CPT III code for the delivery of psychedelic treatments with the goal of ensuring broad and equitable access to psychedelic therapies, if approved, for people who urgently need new options to treat their mental health conditions. The American Medical Association accepted the application and released the language for the CPT III code titled “Continuous In-Person Monitoring and Intervention during Psychedelic Medication Therapy,” which became effective January 1, 2024. We entered into research collaborations with Greenbrook TMS and Hackensack Meridian Health to explore and develop multiple potential commercial delivery models for COMP360 psilocybin treatment if approved.
- **Manage our cash runway and enhance shareholder value** – During 2023, we raised an aggregate of approximately \$180 million in gross proceeds from our private placement financing, sales under our ATM facility and the closing of our loan facility with Hercules Capital. In August 2023, we completed a private placement financing with a select group of healthcare specialist investors in which we raised \$125 million in gross proceeds at closing and issued warrants, which are exercisable at the election of the holder between February 2024 and February 2027 and if all warrants are exercised for cash would result in an additional approximately \$160 million in gross proceeds. In June 2023, we secured a term loan facility for up to \$50 million from Hercules Capital, with an initial draw of \$30 million at closing, a second tranche for up to \$10 million, subject to the achievement of specified performance milestones and a third tranche for up to \$10 million, which is available solely at the lender’s discretion. During 2023, we raised approximately \$29 million in gross proceeds from sales under our ATM facility.
- **Grow our pipeline beyond COMP360 in TRD** – We completed enrollment of our open-label phase 2 study evaluating safety and tolerability of COMP360 in twenty-two patients with PTSD and announced initial safety findings from this study at 24 hours. We continued to progress our phase 2 study in anorexia nervosa. We advanced our non-oral psilocin prodrug program and our ongoing research on prodrug development has led to a number of potential candidate leads being identified that we plan to continue through further research-based development
- **Maintain our unique culture while maturing our organizational processes** – We developed a high-performing team and a mission-driven organization committed to the highest standards of quality and compliance. We maintained a very strong 52% net promoter score (according to Qualtrics XM Institute, a score of between 10 to 30% is good and a score of 30% or more is excellent). We enhanced our risk management reporting, compliance maturity and quality processes.

In January 2024, the Compensation and Leadership Development Committee evaluated our achievement of the 2023 corporate objectives. Based on our 2023 results, the Compensation and Leadership Development Committee determined that we had overachieved our goals related to strengthening our cash position and managing our cash runway and underachieved our goals with respect to our internal target for progressing our patient enrollment in our first pivotal trial, COMP005, which is part of our Phase 3 clinical program, while achieving the remaining corporate goals at target. Based on this assessment, the Compensation and Leadership Development Committee determined to fund the annual bonus pool at 95%, a percentage reached as a weighted average of scores against our corporate goals. After evaluating our achievement of the 2023 corporate objectives and determining the level at which to fund the annual bonus pool, the Compensation and Leadership Development Committee then determines the bonus amounts for named executive officers (and recommends for full board approval in the case of the Chief Executive Officer), after considering the aggregate bonus pool funding level and evaluating each person’s contributions in light of company goals. The Compensation and Leadership Development Committee, in its discretion, makes adjustments to award sizes for named executive officers, other than our Chief Executive Officer, based on the achievements in their respective functions and its assessment of individual performance in the year.

The table below sets forth the 2023 annual base salaries, target annual cash bonuses, and the 2023 annual cash bonuses earned by our named executive officers.

Named Executive Officer ⁽¹⁾⁽²⁾	2023 Annual Base Salary	Target Annual Cash Bonus (% of Annual Base Salary)	2023 Payout (% of Target)	2023 Annual Cash Bonus
Kabir Nath	\$594,500	60%	95%	\$338,900
Guy Goodwin	\$411,540	40%	94%	\$155,462
Matthew Owens	\$398,108	40%	94%	\$149,244
Michael Falvey(3)	\$439,890	45%	(3)	(3)

(1) All amounts, except those for Mr. Nath, have been converted from GBP to USD using the 2023 average FX rate (£1: \$1.2437).

(2) Dr. Malievskaia stepped down from her executive role in June 2023. She served solely in a non-executive director role as of December 31, 2023 and was not eligible for an annual bonus.

(3) Mr. Falvey resigned as Chief Financial Officer in October 2023 and his last day of employment was November 3, 2023. Pursuant to the terms of his separation agreement, Mr. Falvey is entitled to receive a separation payment in a gross amount equal to \$638,000 (which is equivalent to 12 months of his base salary and his 2023 annual bonus), payable in substantially equal monthly installments through November 3, 2024 and subject to applicable tax withholdings and lawful deductions.

Long-Term Incentive Compensation

Long-term incentive compensation in the form of equity incentives aligns the interests of our executive officers, including our named executive officers, with long-term shareholder interests and allows us to attract, incentivize, and retain staff in a competitive market. As a form of compensation, share-based incentives also enable us to more effectively manage the Company's cash resources.

In connection with the IPO, we adopted the COMPASS Pathways plc 2020 Share Option and Incentive Plan (the "**2020 Plan**"). The 2020 Plan allows for the grant of options, restricted share awards, restricted share unit awards ("**RSUs**"), other share or cash-based awards and dividend equivalent awards to employees, non-employee directors and consultants.

Typically, at the beginning of each year, the Compensation and Leadership Development Committee determines the size and relative weighting of the annual equity awards for our executive officers, including our named executive officers, it deems reasonable and appropriate based on such factors. In addition, the Compensation and Leadership Development Committee may deem it advisable to grant subsequent equity awards to our executive officers, including our named executive officers, and may adjust their equity awards in the event of a promotion or significant change in responsibilities.

With the help of our compensation consultant, we determine whether to grant additional equity awards, the mix of RSUs and options and the amount of equity awards to give to our executive officers based on benchmarking the position of each executive officer against the compensation paid to people in similar positions in our peer group.

In February 2023, the Compensation and Leadership Development Committee approved the following annual equity grants to our named executive officers employed at that time.

Named Executive Officer	Annual Option Award	Annual Restricted Share Unit/Nominal Cost Option Awards
Kabir Nath	153,900	25,200
Guy Goodwin	63,900	10,800
Matthew Owens	63,900	10,800
Michael Falvey	45,000	22,500
Ekaterina Malievskaia	67,500	11,700

Employment Arrangements with our Named Executive Officers

In connection with our IPO, the Compensation and Leadership Development Committee reviewed the employment agreements with our executive officers, including Dr. Malievskaia, with a focus on public market practices and severance arrangements in the event of involuntary termination not in connection with a change in control and involuntary termination or good reason termination in connection with a change in control, and determined to revise the terms of employment agreements with our executive officers in line with prevailing market practice for our peer companies and prevailing practices in the named executive officer's jurisdiction of employment, providing similar terms to executives hired since the IPO. We engage our named executive officers using standard terms as set out in our executive employment agreements. These agreements set forth the individual's base salary and bonus target based on a percentage of annual base salary and entitle the executive officer to participate in our equity incentive plans, with the amount of such equity participation to be determined at the Compensation and Leadership Development Committee's sole discretion, and other employee benefits generally available to our employees. If an executive officer is based outside the U.K., additional benefits and assistance with relocation may be provided which reflect local market norms or legislation. The agreements also prohibit our named executive officers from engaging directly or indirectly in competition with us, recruiting or soliciting our employees, or disclosing our confidential information or business practices.

Our post-employment compensation arrangements set forth in the employment agreements are designed to provide reasonable compensation to executive officers who leave the Company under certain circumstances to facilitate their transition to new employment. Further, we seek to mitigate any potential employer liability and avoid future disputes or litigation by requiring a departing executive officer to sign a separation and release agreement acceptable to us as a condition to receiving post-employment compensation payments or benefits.

Our Compensation and Leadership Development Committee and the Board do not consider specific amounts payable under these post-employment compensation arrangements when establishing annual compensation. It does believe, however, that these arrangements are necessary to offer compensation packages that are competitive.

For more information on the service and employment agreements with our named executive officers and post-employment compensation arrangements, see the discussion under the headings "*Employment Agreements, Change of Control and Severance Arrangements with Named Executive Officers*" later in this Proxy Statement.

Other Elements of Compensation

Retirement Plans

We currently maintain a 401(k) retirement savings plan for our U.S.-based employees, including any U.S.-based named executive officers, who satisfy certain eligibility requirements. The U.S. Internal Revenue Code (the "**Code**") allows eligible employees to defer a portion of their compensation, within prescribed limits, on a pre-tax basis through contributions to the 401(k) plan. We currently contribute a 4% safe harbor match on employee contributions up to the statutory limit.

We also maintain a defined contribution plan for U.K. employees, including any U.K.-based named executive officers, who satisfy certain eligibility requirements. During 2023, all employees who participate in the plan receive an employer contribution, which is generally 3% contribution, and in some cases may be up to 8%.

Other Compensation Policies and Practices

Policy Prohibiting Hedging and Pledging

Our Insider Trading Policy prohibits our executive officers, the non-employee members of our Board and certain designated employees who in the course of the performance of their duties have access to material, non-public information regarding the Company from engaging in the following transactions:

- selling any of our securities that they do not own at the time of the sale (a “**short sale**”);
- buying or selling puts, calls, other derivative securities of the Company or any derivative securities that provide the economic equivalent of ownership of any of our securities or an opportunity, direct or indirect, to profit from any change in the value of our securities or engaging in any other hedging transaction with respect to our securities at any time;
- using our securities as collateral in a margin account; and
- pledging our securities as collateral for a loan (or modifying an existing pledge) unless the pledge has been approved by the Audit and Risk Committee of the Board of Directors.

Compensation Recovery Policy

On November 1, 2023, we adopted a compensation recovery policy designed to comply with the mandatory compensation “clawback” requirements under Nasdaq rules that became effective as of October 2, 2023. Our compensation recovery policy provides that in the event we are required to prepare an accounting restatement, then we will seek to recover any erroneously awarded performance-based incentive compensation received by our current or former executive officers during the three completed fiscal years of the Company immediately preceding such financial restatement.

This recovery is required without regard to any individual knowledge or responsibility related to the financial restatement. Notwithstanding the foregoing, we will not be required to seek such recovery if the Compensation and Leadership Development Committee determines it impracticable to do so (when permitted by Nasdaq rules), after reviewing all the relevant facts and circumstances and determining the direct expenses paid to third parties to assist in enforcing the policy would exceed the amount to be recovered and the Company has made a reasonable attempt to recover.

Tax Considerations

Taxation of “Parachute” Payments

Sections 280G and 4999 of the U.S. Code provide that executive officers and directors who hold significant equity interests and certain other service providers may be subject to significant additional taxes if they receive payments or benefits in connection with a change in control of the company that exceeds certain prescribed limits, and that the company (or a successor) may forfeit a deduction on the amounts subject to this additional tax. We have not agreed to provide any executive officer, including any named executive officer, with a “gross-up” or other reimbursement payment for any tax liability that the executive officer might owe as a result of the application of Sections 280G or 4999 of the U.S. Code.

The employment agreement was amended in December 2023 to provide that the initial term will continue through the date Mr. Nath relocates to the United Kingdom. Upon his relocation to the United Kingdom, Mr. Nath will enter into a new agreement on substantially similar terms to his current employment agreement and those of our other U.K.-based executives.

Mr. Nath's employment agreement provides for an annual base salary of \$580,000 (upon Mr. Nath's relocation to the United Kingdom, such salary will be paid in pound sterling ("GBP") and be equal to the greater of (i) £431,000 GBP or (ii) the GBP equivalent of \$580,000 U.S. dollars calculated at the then-prevailing exchange rate), which is subject to annual review and redetermination. Pursuant to his employment agreement, Mr. Nath is eligible to earn an annual incentive bonus, with a target bonus amount of 60% of his then-current annual base salary (and the ability to earn up to 125% of that target bonus amount in certain circumstances) as determined by our Board in its discretion. In addition, Mr. Nath will receive (i) a housing stipend of £12,000 per month through August 2023; (ii) a one-time reimbursement payment of up to \$5,000 for attorneys' fees; and (iii) a one-time cash payment of \$250,000 to cover expenses in connection with his relocation to the United Kingdom. The Company may terminate the Employment Agreement at any time for "cause" (as such term is defined in the employment agreement). Mr. Nath may terminate the Employment Agreement upon thirty (30) days' written notice for "good reason" (as such term is defined in the Employment Agreement), subject to Company's right to cure the deficiency. In the event we terminate Mr. Nath's employment without "cause" or Mr. Nath terminates his employment for "good reason", Mr. Nath is entitled to a cash severance payment equal to one year's annual salary plus the target annual bonus amount for the year in which such termination occurs.

Guy Goodwin

Dr. Goodwin's employment agreement provides for a base salary of £324,450 (\$446,346), which is subject to annual review and redetermination. In addition, Dr. Goodwin is entitled to participate in our executive variable cash compensation program. In his employment agreement, Dr. Goodwin is eligible to earn an annual incentive bonus, with a target bonus amount of 35% of his base salary (and the ability to earn up to 125% of that target bonus amount in certain circumstances) as determined by our Board of Directors in its discretion. Dr. Goodwin is only entitled to payment of a bonus payment if he is in the Company's employment on the date that the bonus is paid and is not eligible for a bonus payment if he is subject to any disciplinary action or investigation at the date any bonus is being considered or paid. The Company may, in its discretion, terminate Dr. Goodwin's employment at any time with immediate effect by providing notice to Dr. Goodwin that it is exercising its right and will make a payment in lieu of notice ("PILON"). Such PILON is equal to the base salary which Dr. Goodwin would be entitled to receive during the notice period of three months less deductions required by law and will be paid within 28 days.

Dr. Goodwin is subject to immediate termination and is not entitled to any further payment, including any PILON which the Company is entitled to recover if payment was already made, other than amounts accrued as of the termination date in the event he is terminated for certain reasons for cause, including gross misconduct, serious breach of his employment agreement, gross negligence or incompetence and certain other requirements, as set forth

in his employment agreement. In the event Dr. Goodwin is terminated for any reason, under most circumstances, the Company is required to reimburse him for any unused holiday entitlements.

Following service of notice to terminate the employment by either party, which is required to be given with not less than three months' prior written notice, the Company may place Dr. Goodwin on garden leave for the whole or part of the remainder of his employment. Under garden leave, Dr. Goodwin would receive his base salary for the period, but would not be entitled to receive any bonus or other incentive in respect of the period of garden leave.

If Dr. Goodwin is terminated other than for misconduct, lack of capability or poor performance, or if Dr. Goodwin terminates employment in response to a fundamental breach of contract by the Company within 12 months following a change of control of the Company (as defined in the employment agreement), subject to certain conditions, Dr. Goodwin is entitled to (a) 12 months' base salary, (b) the pro rata bonus Dr. Goodwin would have received for the year in which his employment is terminated had he not been dismissed, but not including any pro rata bonus for a notice period which is not worked and (c) an amount equivalent to the cost to the Company of providing Dr. Goodwin with his other employment benefits for 12 months.

To assist with his relocation to the U.K., we agreed to pay a cash contribution towards housing costs of £10,000 (\$12,371) per month through August 2023 and to provide tax advisory services in connection with the preparation and filing of tax returns for the first two tax years of his employment. Mr. Owens is also eligible to participate in all our generally-available employee benefit plans and programs in effect from time to time. His employment agreement also provides for a pension contribution equivalent to 8% of his monthly base salary.

Payments upon Termination. The Company may, in its discretion, terminate Mr. Owens' employment at any time with immediate effect by providing notice to Mr. Owens that it is exercising its right and will make a PILON. Such PILON is equal to the base salary which Mr. Owens would be entitled to receive during the notice period of nine months less deductions required by law and will be paid within 28 days.

Mr. Owens is subject to immediate termination and is not entitled to any further payment, including any PILON which the Company is entitled to recover if payment was already made, other than amounts accrued as of the termination date in the event he is terminated for certain reasons for cause, including gross misconduct, serious breach of her employment agreement, gross negligence or incompetence and certain other requirements, as set forth in her employment agreement. In the event Mr. Owens is terminated for any reason, under most circumstances, the Company is required to reimburse him for any unused holiday entitlements.

Following service of notice to terminate the employment by either party, which is required to be given with not less than nine months' prior written notice, the Company may place Mr. Owens on garden leave for the whole or part of the remainder of her employment. Under garden leave, Mr. Owens would receive his base salary for the period, but would not be entitled to receive any bonus or other incentive in respect of the period of garden leave.

If Mr. Owens is terminated other than for misconduct, lack of capability or poor performance, or if Mr. Owens terminates employment in response to a fundamental breach of contract by the Company within 12 months following a change of control of the Company (as defined in the employment agreement), subject to certain conditions, Mr. Owens is entitled to (a) 12 months' base salary, (b) the pro rata bonus Mr. Owens would have received for the year in which his employment is terminated had he not been dismissed, but not including any pro rata bonus for a notice period which is not worked and (c) an amount equivalent to the cost to the Company of providing Mr. Owens with his other employment benefits for 12 months.

Ekaterina Malievskaia

Michael Falvey

Mr. Falvey's employment agreement provided for a initial base salary of \$430,000, which was subject to annual review and redetermination. In addition, Mr. Falvey was entitled to participate in our executive variable cash compensation program. In his employment agreement, Mr. Falvey was eligible to earn an annual incentive bonus, with a target bonus amount of 45% of his base salary (and the ability to earn up to 125% of that target bonus amount in certain circumstances) as determined by our Board of Directors in its discretion. Mr. Falvey was also eligible to participate in all our generally-available employee benefit plans and programs in effect from time to time.

Separation Agreement. We and Mr. Falvey entered into a separation agreement and release dated October 24, 2023, pursuant to which his employment with us ended on November 3, 2023 (the "**Separation Date**"). Under the separation agreement, Mr. Falvey is entitled to receive (i) a separation payment in a gross amount equal to \$638,000 (which is equivalent to 12 months of his base salary and his 2023 bonus), payable in substantially equal monthly installments and subject to applicable tax withholdings and lawful deductions and (ii) accelerated vesting of 25% of all shares or options subject to equity awards granted to Mr. Falvey prior to the Separation Date, which are unvested as of the Separation Date. If he elects to continue his group healthcare benefits, to the extent authorized by and consistent with COBRA, the Company will pay the monthly employer contribution until the earlier of (i) November 3, 2024, or (ii) the date Mr. Falvey becomes eligible for insurance through another employer or otherwise becomes ineligible for COBRA.

2020 Share Option and Incentive Plan

In September 2020, we adopted the 2020 Plan. The 2020 Plan allows the Compensation and Leadership Development Committee to make equity-based and cash-based incentive awards to our officers, employees, directors and other key persons (including consultants).

We have initially reserved 2,074,325 ordinary shares (the "**Initial Limit**") for the issuance of awards under the 2020 Plan. The 2020 Plan provides that the number of shares reserved and available for issuance under the plan will automatically increase each January 1, beginning on January 1, 2022, by four percent of the outstanding number of ordinary shares on the immediately preceding December 31, or such lesser number of shares as determined by our Compensation and Leadership Development Committee (the "**Annual Increase**"). This number is subject to adjustment in the event of a sub-division, consolidation, share dividend or other change in our capitalization. The ordinary shares underlying any awards that are forfeited, cancelled, held back upon exercise or settlement of an award to satisfy the exercise price or tax withholding, reacquired by us prior to vesting, satisfied without any issuance of shares, expire or are otherwise terminated (other than by exercise) under the 2020 Plan will be added back to the ordinary shares available for issuance under the 2020 Plan.

The maximum aggregate number of shares that may be issued in the form of incentive share options shall not exceed the Initial Limit cumulatively increased on January 1, 2022 and on each January 1 thereafter by the lesser of the Annual Increase for such year or 2,074,325 ordinary shares.

The 2020 Plan is administered by our Compensation and Leadership Development Committee. Our Compensation and Leadership Development Committee has full power to select, from among the individuals eligible for awards, the individuals to whom awards will be granted, to make any combination of awards to participants, and to determine the specific terms and conditions of each award, subject to the provisions of the 2020 Plan. Persons

eligible to participate in the 2020 Plan will be those full or part-time officers, employees, non-employee directors and other key persons (including consultants) as selected from time to time by our Compensation and Leadership Development Committee in its discretion.

The 2020 Plan permits the granting of options to purchase ordinary shares intended to qualify as incentive share options under Section 422 of the Code, options intended to qualify as U.K. tax advantaged options under our company share option plan, or CSOP, which is a sub-plan under the 2020 Plan and options that do not so qualify for any tax advantages. Other than the nominal cost options granted to non-U.S. tax persons in lieu of restricted share units, the option exercise price of each option will be determined by our Compensation and Leadership Development Committee but may not be less than 100% of the fair market value of our ordinary shares on the date of grant. The term of each option will be fixed by our Compensation and Leadership Development Committee and may not exceed ten years from the date of grant. Our Compensation and Leadership Development Committee will determine at what time or times each option may be exercised.

Our Compensation and Leadership Development Committee may award share appreciation rights subject to such conditions and restrictions as it may determine. Share appreciation rights entitle the recipient to ordinary shares, or cash, equal to the value of the appreciation in our share price over the exercise price. The exercise price of each share appreciation right may not be less than 100% of the fair market value of the ordinary shares on the date of grant.

Our Compensation and Leadership Development Committee may award restricted shares and restricted share units to participants subject to such conditions and restrictions as it may determine. These conditions and restrictions may include the achievement of certain performance goals and/or continued employment with us through a specified vesting period. Our Compensation and Leadership Development Committee may also grant ordinary shares that are free from any restrictions under the 2020 Plan. Unrestricted shares may be granted to participants in recognition of past services or other valid consideration and may be issued in lieu of cash compensation due to such participant. Our Compensation and Leadership Development Committee may grant cash bonuses under the 2020 Plan to participants, subject to the achievement of certain performance goals.

The 2020 Plan provides that in the case of, and subject to, the consummation of a “sale event” as defined in the 2020 Plan, all outstanding awards may be assumed, substituted or otherwise continued by the successor entity. To the extent that the successor entity does not assume, substitute or otherwise continue such awards, then (i) all share options and share appreciation rights will automatically become fully exercisable and the restrictions and conditions on all other awards with time-based conditions will automatically be deemed waived, and awards with conditions and restrictions relating to the attainment of performance goals may become vested and non-forfeitable in connection with a sale event in the Compensation and Leadership Development Committee’s discretion and (ii) upon the effectiveness of the sale event, the 2020 Plan and all awards will automatically terminate. In the event of such termination, (i) individuals holding options and share appreciation rights will be permitted to exercise such options and share appreciation rights (to the extent exercisable) prior to the sale event, or (ii) we may make or provide for a cash payment to participants holding options and share appreciation rights equal to the difference between the per share cash consideration payable to shareholders in the sale event and the exercise price of the options or share appreciation rights (to the extent then exercisable).

Our Board may amend or discontinue the 2020 Plan and our Compensation and Leadership Development Committee may amend the exercise price of options and amend or cancel outstanding awards for purposes of satisfying changes in law or any other lawful purpose but no such action may adversely affect rights under an award without the holder’s consent. Certain amendments to the 2020 Plan require the approval of our shareholders. No awards may be granted under the 2020 Plan after the date that is ten years from the date of shareholder approval.

Analysis of the Information Presented in the Pay Versus Performance Table

We generally seek to incentivize long-term performance, and therefore do not specifically align our performance goals with “compensation actually paid” (as computed in accordance with Item 402(v) of Regulation S-K) for a particular year. In accordance with Item 402(v) of Regulation S-K, we are providing the following descriptions of the relationships between information presented in the Pay Versus Performance table.

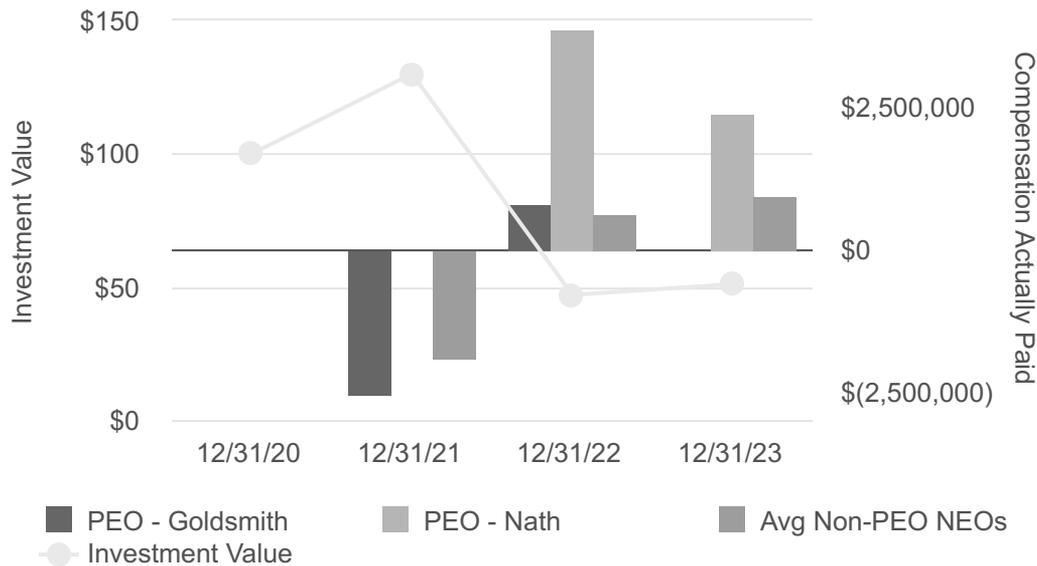

Compensation Actually Paid and Net Loss

As a late-stage clinical biotechnology company primarily focused on research and development of novel therapies to treat serious mental health conditions, our company has not historically utilized net income (loss) as a performance measure for our executive compensation program. For 2021, 2022 and 2023, our net loss increased and the compensation actually paid to our named executive officers as a group (excluding our PEOs) also increased between those years. The compensation actually paid to Mr. Goldsmith for the period until July 31, 2022, when he stepped down as PEO, similarly increased. The compensation actually paid to Mr. Nath from 2022 to 2023 decreased; however, his compensation actually paid for 2022 is impacted by his new hire equity awards in 2022. Generally, new hire equity awards are larger than the annual equity awards.

Compensation Actually Paid and TSR

As shown in the following graph, the compensation actually paid to our PEOs and the average amount of compensation actually paid to our named executive officers as a group (excluding our PEOs) from 2021 to 2022 are negatively correlated. From 2022 to 2023, the average amount of compensation actually paid to our named executive officers as a group (excluding our PEOs) increased and we had a slight increase in TSR. From 2022 to 2023, compensation actually paid to Mr. Nath decreased as a result of his new hire grant in 2022, which was greater than the annual equity grants he received in 2023. As discussed above in "*Executive Compensation - Primary Elements of Compensation Program*" we use a combination of short-term cash incentive compensation opportunities for our named executive officers, in the form of annual cash bonuses to incentivize and award delivery of the Company's strategy and corporate objectives, and long-term equity incentive compensation consisting of share options, which provide value only if the market price of our shares increases and if the executive officer continues in our employment over the vesting period, and restricted share units, which provide value only if the executive officer continues in our employment over the vesting period. These equity awards strongly align our executive officers' interests with those of our shareholders by providing a continuing financial incentive to maximize long-term value for our shareholders and by encouraging our executive officers to continue in our employment for the long-term.

Equity Compensation Plans Table

The following table sets forth information as of December 31, 2023 regarding ordinary shares that may be issued under our equity compensation plans:

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights (#)	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights (\$) ⁽¹⁾	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column) ⁽³⁾⁽⁴⁾
Equity Compensation Plans Approved by Security Holders ⁽²⁾	6,369,328	\$11.84	854,013
Equity Compensation Plans not Approved by Security Holders ⁽⁵⁾	600,000	\$14.94	—
Total	6,969,328	\$13.14	854,013

(1) The weighted average exercise price is calculated based solely on outstanding share options.

(2) Includes the following plans: our 2020 Plan, our 2017 Plan and our Employee Stock Purchase Plan (“ESPP”).

(3) The Company initially reserved 2,074,325 of its ordinary shares for the issuance of awards under the 2020 Plan. The 2020 Plan provides that the number of shares reserved and available for issuance under the plan will automatically increase each January 1, beginning on January 1, 2022, by up to 4% of the outstanding number of ordinary shares on the immediately preceding December 31, or such lesser number of shares as determined by our Compensation and Leadership Development Committee. This number is subject to adjustment in the event of a sub-division, consolidation, share dividend or other change in our capitalization. The total number of ordinary shares that may be issued under the 2020 Plan was 5,460,391 shares as of December 31, 2023, of which 183,933 shares remained available for future grant. The ESPP initially reserves and authorizes the issuance of up to a total of 340,053 ordinary shares to participating employees. The ESPP provides that the number of shares reserved and available for issuance will automatically increase each January 1, beginning on January 1, 2022 and each January 1 thereafter

through January 1, 2022, by the lesser of (i) 1% of the outstanding number of ordinary shares on the immediately preceding December 31 or (ii) 510,058 ordinary shares. The number of shares reserved under the ESPP is subject to change in the event of a share split, share dividend or other change in our capitalization. On October 1, 2021, the Company launched the Share Incentive Plan and the ESPP, through which employees can purchase shares at a discounted price. At the end of each six month purchase period, shares will automatically be purchased at the lower of the opening and closing price of the shares for the purchase period minus a 15% discount.

(4) Amount does not include any purchase rights accruing under the ESPP during the current purchase period, which commenced on November 1, 2023, because the purchase right (and therefore the number of shares to be purchased) will not be determined until the end of the purchase period on April 30, 2024.

(5) On August 1, 2022, we granted a non-qualified share option to purchase an aggregate of 600,000 shares to Mr. Nath in connection with his appointment as Chief Executive Officer. In accordance with Nasdaq Listing Rule 5635(c)(4), the non-qualified share option award was approved by Compensation and Leadership Development Committee and made as a material inducement to Mr. Nath's entry into employment as our new Chief Executive Officer. The non-qualified share option has a 10-year term and vests as to one-fourth on August 1, 2023 (the first anniversary of his employment commencement date) and as to the remaining three-fourths in equal monthly installments over the following 36 months, subject to Mr. Nath remaining an employee on the applicable vesting dates. The non-qualified share option has other terms that mirror those of non-qualified share options granted under our 2020 Plan and the standard form of non-qualified share option agreement.

The Audit and Risk Committee oversees the accounting and financial reporting processes of COMPASS Pathways plc (the “**Company**”) and the audits of the Company’s financial statements, evaluates auditor performance, manages relations with the Company’s independent registered public accounting firm and evaluates policies and procedures relating to internal control systems. The Audit and Risk Committee operates under a written Audit and Risk Committee charter that has been adopted by the Board of the Company (the “**Board**”). All members of the Audit and Risk Committee currently meet the independence and qualification standards for audit committee membership set forth in the listing standards provided by Nasdaq and the U.S. Securities and Exchange Commission (“**SEC**”), and the Board has determined that Annalisa Jenkins and Linda McGoldrick are “audit committee financial experts,” as the SEC has defined that term in Item 407 of Regulation S-K.

The Audit and Risk Committee members are not professional accountants or auditors. The members’ functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm. The Audit and Risk Committee serves a board-level oversight role in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the Audit and Risk Committee’s members in business, financial and accounting matters.

The Audit and Risk Committee oversees the Company’s financial reporting process on behalf of the Board. The Company’s management has the primary responsibility for the financial statements and reporting process, including the Company’s system of internal controls. In fulfilling its oversight responsibilities, the Audit and Risk Committee reviewed with management the audited financial statements included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2023. This review included a discussion of the quality and the acceptability of the Company’s financial reporting, including the nature and extent of disclosures in the financial statements and the accompanying notes. The Audit and Risk Committee also reviewed the progress and results of the testing of the design and effectiveness of its internal controls over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002.

The Audit and Risk Committee also reviewed with PricewaterhouseCoopers LLP (“**PwC**”), our independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of the audited financial statements with accounting principles generally accepted in the United States of America, their judgments as to the quality and the acceptability of the Company’s financial reporting and such other matters as are required to be discussed with the Committee by Public Company Accounting Oversight Board (“**PCAOB**”) AU 380, *Communications with Audit Committees*, and SEC Regulation S-X Rule 207, *Communication with Audit Committees*.

The Audit and Risk Committee has received the written disclosures and the letter from PwC required by the applicable requirements of the PCAOB regarding PwC’s communications with the audit committee concerning independence. The Audit and Risk Committee has discussed with PwC its independence from management and the Company.

In addition to the matters specified above, the Audit and Risk Committee discussed with PwC the overall scope, plans and estimated costs of their audit. The Audit and Risk Committee met with PwC periodically, with and without management present, to discuss the results of PwC’s examinations, the overall quality of the Company’s financial reporting and PwC’s reviews of the quarterly financial statements, and drafts of the quarterly and annual reports.

Based on the reviews and discussions referred to above, and subject to the limitations of the Audit and Risk Committee’s role and responsibilities referred to above and in the Audit and Risk Committee charter, Audit and Risk Committee recommended to the Board that the Company’s audited financial statements should be included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2023 for filing with the SEC.

DIRECTORS' REMUNERATION REPORT

This part of the Remuneration Report sets out the revised Director Remuneration Policy (the "Policy") for the Company which will be submitted for shareholder approval in a binding vote at the annual general meeting to be held on 9 May 2024. If approved, the Policy will be effective from 9 May 2024 until the next annual general meeting in 2025. The current Directors' Remuneration Policy was approved by shareholders in a binding vote at the AGM held on 22 June 2021. The Policy took effect from the date of approval and is applicable for a period of three years until June 2024. At the 2023 annual general meeting of shareholders, 98.27% of shareholders voted in favour of the proposal to receive and approve, as a non-binding advisory resolution, the Directors' Remuneration Report for the year ended 31 December 2022, with 1.73% voting against such proposal.

Key considerations when determining the Policy

The Policy was designed by the Committee with a number of specific principles in mind:

- attract, retain and motivate high caliber Senior Management and focus them on the delivery of the Company's strategic and business objectives;
- encourage a corporate culture that promotes the highest level of integrity, teamwork and ethical standards;
- be competitive against appropriate market benchmarks (being predominantly the US biotech sector) and have a strong link to performance, providing the ability to earn above-market rewards for strong performance;
- be simple and understandable, both internally and externally;
- encourage increased equity ownership to motivate executives in the overall interests of shareholders, the Company, employees and other stakeholders; and
- take due account of good governance and promote the long-term success of the Company.

In seeking to achieve the above objectives, the Committee is mindful of the views of a broad range of stakeholders in the business and accordingly takes account of a number of factors when setting remuneration including: market conditions; pay and benefits in relevant comparator organisations; terms and conditions of employment across the Company; the Company's risk appetite; the expectations of institutional shareholders; any specific feedback received from shareholders and other stakeholders and any applicable requirements of the Nasdaq or SEC. In 2023, the Committee reviewed and updated the peer group used to benchmark remuneration for Senior Management. In 2023, the Committee adopted a compensation recovery policy designed to comply with the mandatory compensation "clawback" requirements under applicable Nasdaq listing rules (the "Compensation Recovery Policy").

The Directors identify any conflicts of interest at the beginning of each Board meeting and the beginning of each Committee meeting. Mr. Goldsmith who served as Chair of the Company and Chief Executive Officer until August 2022 and continues to serve as Chair of the Board, is married to Dr Malievskaia who served as the Chief Innovation Officer and an Executive Director until June 2023 and continues to serve as a Non-Executive Director.

The Lead Independent Director, Mr Norton, and the Chair of the Compensation and Leadership Development Committee, Dr Jenkins, assumed the governance role for all matters pertaining to the compensation of Mr Goldsmith and Dr Malievskaia. No conflicts of interest relevant to remuneration have been identified to date.

Key Changes to the Policy

The Committee maintains that the overall structure of remuneration is appropriate and no fundamental structural changes are proposed. The key changes to the Policy reflect developments in market and best practices, including:

- establishing the maximum annual bonus payable to an Executive Director at 100% of base salary for each Executive Director;

- providing flexibility for annual bonus to be payable in cash or shares, at the discretion of the Committee;
- establishing for purposes of the UK pension scheme that maximum contribution, cash supplement (or combination thereof) payable to an Executive Director at 5% of base salary or such lesser level as is available to the general workforce; and
- introduction of new Compensation Recovery Policy, which was adopted by the Company to comply with the mandatory compensation "clawback" requirements under applicable Nasdaq listing rules.

The Policy for Executive Directors

During 2023 the Company had two Executive Directors for part of the year and ended the year with one Executive Director, but the Policy will apply equally to any additional Executive Directors who may be appointed in the future. The Committee annually reviews the operation of the remuneration packages to ensure they are operating within an acceptable risk profile and that they do not inadvertently encourage any economic, social or governance issues.

The total remuneration for the Executive Directors is made up of the following elements:

- salary;
- benefits;
- annual bonus;
- long-term incentive awards; and
- Pension/401k contribution.

Long-term incentive awards: The Company adopted the 2020 plan and the Employee Share Purchase Plan (the "ESPP"), on completion of its Nasdaq IPO in September 2020. On 1 October 2021, the Company launched the Share Incentive Plan (the "SIP") and the ESPP. Since the completion of the

Nasdaq IPO, the Company has issued equity under these plans and has issued an inducement grant, on such terms as are defined under applicable Nasdaq listing rules, in connection with hiring of Mr. Nath as our Chief Executive Officer in 2022. In the period from 1 January 2020 to 18 September 2020, the Company granted options under the 2017 Plan.

	Purpose and link to strategy
Salary	Provides market competitive fixed remuneration that reflects the responsibilities of the role undertaken, the experience of the individual and performance in the role over time.
Benefits	Provides market competitive, yet cost-effective employment benefits.
Annual bonus	To incentivise and award delivery of the Company's strategy and corporate objectives on an annual basis.
Long-term incentive awards	To align the interests of Executive Directors and management with long-term shareholder interests and to attract, incentivise and retain staff. To incentivise and recognise achievement of longer term corporate objectives and sustained shareholder value creation. To effectively manage the Group's cash resources.
Pension/401(k) contribution	To provide a competitive and tax-efficient pension or retirement savings plan which complies with at least the minimum contributions requirements of the applicable jurisdiction.

	Operation
Salary	Reviewed annually taking into account individual responsibilities, experience, performance, inflation and market rates. The Committee will also consider the pay and employment conditions in the wider workforce when determining Executive Directors' salaries. Where there has been a change in role, or the individual is new to the role, increases could be higher. Salary increases are normally effective from 1 January each year. Salaries are periodically benchmarked against a relevant peer group of biotech companies, most of which are listed on Nasdaq, with others listed on European stock exchanges, with a similar stage of clinical development, and similar market capitalisation or net assets.
Benefits	For Executive Directors this includes private medical insurance, life insurance and income protection. Other employment benefits may be provided from time to time on similar terms as those of other employees. If an Executive Director is based outside the UK additional benefits and assistance with relocation may be provided which reflect local market norms or legislation. Any reasonable business-related expenses can be reimbursed, including tax thereon.
Annual bonus	Annual bonus performance targets are set at the start of the year by the Board and performance against objectives is assessed by the Compensation and Leadership Development Committee after the end of the relevant financial year. Bonuses may be paid in cash or shares, as determined by the Compensation and Leadership Committee, after the award has been approved by the Committee and, as applicable for the Chief Executive Officer, the Board.
Long-term incentive awards	Long-term equity incentive awards are granted annually under the 2020 Plan. The awards have time-based vesting conditions and vest over a period of at least three years and may include a mix of share options, restricted share units, performance shares and other awards available for issuance under the 2020 Plan. Awards vest in accordance with the vesting schedule set for the relevant award in its equity agreement. Executive Directors are eligible to participate in the SIP and ESPP under the same conditions as other employees. The SIP and ESPP generally allow employees to save a portion (up to a specified maximum) of their salary over a six-month savings period and at the end of the savings period, shares will automatically be purchased at the lower of the opening and closing price of the shares for the saving period minus a 15% discount in the case of the ESPP and plus issuance of matching shares equal to 15% of the investment for the SIP. The Committee maintains discretion over the types and terms of equity awards granted.
Pension/401(k)	Executive Directors are eligible to join a defined contribution pension scheme or a 401(k) defined contribution retirement plan, as applicable. Beginning in 2024, Executive Directors may opt out of the UK pension scheme and receive a taxable, non-pensionable allowance in lieu of Compass employer pension contributions in the amount of up to 5% of their base salary, or such lesser amount as is available to the general workforce. Executive Directors who are based in the United States are eligible to join the Company's 401(k) and to receive the Company match, which is equal to 100% of the amount an employee contributes to the 401(k) plan for each payroll period up to a maximum of 4% of cash compensation earned by such employee.

	Maximum potential value
Salary	The current base salary of the Executive Director is set out in the application of policy section of the Remuneration Report. Whilst there is no prescribed formulaic maximum, any increases will take into account prevailing market and economic conditions and the approach to employee pay throughout the organisation. Base salary increases are awarded at the discretion of the Committee; however, salary increases will normally be no greater than the general increase awarded to the wider workforce, in percentage of salary terms. However, a higher increase may be made where an individual had been appointed to a new role at below-market salary while gaining experience. Subsequent demonstration of strong performance may result in a salary increase which is higher than that awarded to the wider workforce.
Benefits	The value of each benefit is not predetermined and is typically based upon the cost to the Company of providing said benefit which will vary from year to year based on the cost from third-party providers. If an Executive Director is based outside the UK additional benefits and assistance with relocation may be provided which reflect local market norms or legislation, including without limitation relocation bonus, housing allowance, and tax advisory and preparation services. Any reasonable business-related expenses can be reimbursed, including tax there-on.
Annual bonus	The maximum payable to an Executive Director is up to 100% of such Executive Director's base salary. The target bonus level for the Chief Executive Officer is 60% of base salary. Until June 2023, the target bonus level for our former Chief Innovation Officer was 45% of base salary.
Long-term incentive awards	The Company initially reserved 2,074,325 of its ordinary shares for the issuance of awards under the 2020 Plan. The 2020 Plan provides that the number of shares reserved and available for issuance under the plan will automatically increase each 1 January, beginning on 1 January 2022, by up to 4% of the outstanding number of ordinary shares on the immediately preceding 31 December, or such lesser number of shares as determined by our Compensation and Leadership Development Committee. This number is subject to adjustment in the event of a sub-division, consolidation, share dividend or other change in our capitalisation. The total number of ordinary shares that may be issued under the 2020 Plan was 5,460,391 shares as of 31 December 2023, of which 183,933 shares remained available for future grant. During the years ended 31 December 2023 and 2022, the Company granted awards of 2,736,666 and 2,323,613 ordinary shares under the 2020 Plan to employees and non-employees, respectively.
Pension/401(k)	For the pension, the maximum contribution, cash supplement (or combination thereof) payable by the Company is up to 5% or such lesser amount which is available to the general workforce. For the 401(k) defined contribution plan available to employees, including Executive Directors, in the United States, the Company match is equal to 100% of the amount an employee contributes to the 401(k) plan for each payroll period up to a maximum of 4% of cash compensation earned by such employee.

	Performance metrics
Salary	The overall performance of the individual and Company, including against individual performance objectives, is a key determinant for salary increases.
Benefits	None.
Annual bonus	Operational targets related to research and development, business development, financial goals and commercial-planning goals are discussed with the Compensation and Leadership Development Committee and set at the start of the year by the Board. Details of the performance measures for the current year are provided in the Remuneration Report, subject to any nondisclosure on the basis of commercially-sensitive information. The payment of any bonus is at the absolute discretion of the Committee which has the discretion to override or adjust the bonus if appropriate to do so, including but not limited to factors such as the underlying financial and operational performance of the Company and individual performance.
Long-term incentive awards	Vesting may be on a time-phased basis or subject to performance conditions, as determined at the discretion of the Committee. During the years ended 31 December 2023 and 2022, the Company granted equity awards with time-phased vesting.
Pension/401(k)	None.

The Committee operates the annual bonus and 2020 Plan, in accordance with their rules, and where relevant, Nasdaq listing rules. To maintain an efficient administrative process, the Committee retains the following discretion relating to remuneration:

1. the eligibility to participate in the plans;
2. the timing of grant of awards and any payments;
3. the size of awards and payments (subject to the maximum limits set out in the Policy table above and the respective plan rules);
4. the determination of whether any performance conditions have been met;
5. the annual review of performance objectives for the annual bonus plan; and
6. to make certain exceptions to the Compensation Recovery Policy (to the extent permitted under applicable Nasdaq listing rules) and to determine whether to recover, and if so, the method for recovering, erroneously awards compensation from current and former Executive Directors in the event of an accounting restatement.

In certain exceptional circumstances, such as a material acquisition/divestment of a Group business or a change in the broader business environment, which mean the original performance conditions are no

longer appropriate, the Committee may adjust the objectives, alter weightings or set different measures as necessary, to ensure the conditions achieve their original purpose and are not materially less difficult to satisfy.

The Directors' service contracts and letters of appointment are kept for inspection at the Company's registered office. The Company has a classified Board with each Director serving a three-year term; each Director must seek re-election at the annual general meeting of shareholders at the end of his or her three-year term.

Historical equity incentive awards

Awards which were granted prior to 18 September 2020 are disclosed separately in this Remuneration Report in the Statement of Directors' Shareholding and Share Interests section. These awards remain eligible to vest, based on their original terms which are described separately in the Directors' Remuneration Report.

Annual bonus

The annual bonus is designed to drive the achievement of the Company's strategic and corporate objectives. These targets are agreed by the Board and selected because of their importance in value creation for shareholders. Objectives are weighted for Executive Directors in proportion to the degree of importance of that objective for the Company. The weightings are agreed by the Committee.

Remuneration on recruitment

The remuneration package for any new Executive Director will be determined by the Committee in accordance with the terms of the Policy at the time of appointment (including salary, benefits, annual bonus, long-term incentive awards and pension). It is recognised that in order to attract and recruit talented individuals the Policy needs to allow sufficient flexibility with respect to remuneration on recruitment. The following policies apply to the remuneration on recruitment of new Executive Directors:

Salary: Base salary will be determined based on the responsibilities of the role, experience of the individual and current market rates. It may be considered necessary to appoint a new Executive Director on above or below market rates (e.g. to reflect limited Board experience). In such circumstances, phased increases above those of the wider workforce may be required over an appropriate time period, to bring the salary to the desired market level, subject to the continued development in the role.

Annual bonus: The ongoing annual bonus maximum will be in line with that outlined in the policy table for existing Executive Directors, prorated to reflect the period of service. Depending on the timing or nature of an appointment it may be necessary to set different initial performance measures and targets for the first year of appointment.

Long-term incentive awards: 2020 Plan awards are granted in line with the policy outlined for existing Executive Directors. An initial award may be made on the date of appointment or shortly following an appointment. For internal appointments, existing awards will continue on their original terms.

Benefits: Benefits provided should be in line with those of existing Executive Directors. For external and internal appointments, where required to meet business needs, reasonable relocation support will be provided. In addition, if it becomes necessary to appoint a new Executive Director from outside the UK, additional benefits may be provided to reflect local market norms or legislation.

Pension/401(k): A company contribution or cash supplement up to the maximum as outlined for existing Executive Directors. Our former Chief Innovation Officer opted out of pension arrangements while she was an Executive Director. Our current Chief Executive Officer receives a company contribution to his 401(k). Any new executives will be offered a pension or 401(k), as applicable, at the same level as the general workforce.

Sign-on payments and buy-out awards: To enable the recruitment of exceptional talent, the Committee may offer additional cash and/or share-based remuneration to take account of and compensate for remuneration that the Executive Director is required to relinquish when leaving a former employer. The Committee will seek to structure any such replacement awards to be no more generous overall in terms of

quantum or vesting than the award to be forfeited from the previous employer and will take into account the timing, form and performance requirements of the awards forgone. Where appropriate, any long-term incentive awards will be granted under the 2020 Plan, however, the Committee will have discretion to make use of the flexibility to make awards under any relevant exemptions in the Nasdaq listing rules.

For an internal Executive Director appointment, any variable pay element awarded in respect of the prior role will be allowed to pay out according to its terms. In addition, any other contractual remuneration obligations existing prior to appointment may continue.

The fees for any new Chair and non-Executive Director appointments will be set in accordance with the prevailing policy and at a level that is consistent with those of the existing Chair and non- Executive Directors.

Policy for payments on loss of office

The Company does not have a policy of fixed term employment contracts, however, the Directors are required to retire and are entitled to put themselves forward for re-election at the AGM in accordance with their respective Director class, as prescribed by the Company's articles of association ("Articles of Association"). The notice period for the current Chief Executive Officer's employment contract is 90 days, provided however, that if the Company terminates his employment contract without cause, the Chief Executive Officer is entitled to a cash severance payment equal to one year's annual salary plus the target annual bonus amount for the year in which such termination occurs. Until June 2023, when the Chief Innovation Officer stepped down from her executive role, the notice period for the former Chief Innovation Officer was 9 months. For the existing non-Executive Directors, the notice period is one month.

The Committee's approach to payments in the event that an Executive Director's employment is terminated is to take account of the individual circumstances including the reason for termination,

individual performance, contractual obligations, potential claims the Executive Director might have against the Company and the terms of the equity incentive plans in which the Executive Director participates.

Termination by notice from the Company: up to 12 months' notice, with the discretion for the Committee to make a payment in lieu of notice for base salary, pension and other benefits that would otherwise have been paid during the notice period.

Annual bonus: except for the current Chief Executive Officer who is entitled to his target annual bonus in the event his employment is terminated by the Company without "cause" (as defined in his employment agreement) or by the Chief Executive Officer for "good reason" (as defined in his employment agreement), there is no automatic contractual entitlement to bonus or pro-rata bonus on termination, although this may be considered at the discretion of the Committee.

Long-term incentives: whether any long-term incentive awards would vest and be exercisable upon loss of office would be subject to the relevant plan rules under which such award was granted. The 2020 Plan allows vesting and exercise of awards in the event of death, retirement, ill-health, injury, redundancy and any other reason at the discretion of the Committee. The Committee retains discretion to determine the extent to which the award will vest, taking into consideration the circumstances. Unvested awards normally lapse, although the Committee retains the power to determine, in accordance with the "good leaver" provisions of the relevant plan rules, what proportion of unvested awards will be retained and what proportion will lapse. In determining this, the Committee will give consideration to the reason for leaving, the extent of achievement of performance objectives at the date of leaving and may decide to pro-rate awards.

Change of Control: on a change of control, all unvested awards vest on the date of change of control. Change of control provisions in the former Chief Innovation Officer's employment agreement, which was effective until 16 June 2023, provided for a lump sum payment equal to the value of salary, bonus and contractual benefits for 12 months if, within 12 months of the change of control, her employment by the Company had been terminated (other than for reason of misconduct and certain other grounds, but

including by way of constructive dismissal) less any sums paid by way of notice or payment in lieu of notice. The former Chief Innovation Officer's employment agreement ended in June 2023 when she stepped down from her executive role.

Additional payments: the Committee reserves the right to make payments it considers reasonable under a settlement agreement, including payment or reimbursement of reasonable legal and professional fees, untaken holiday and any payment for the settlement of potential claims against the Company in the UK or other jurisdictions. Payment or reimbursement of reasonable outplacement fees may also be provided.

Compensation Recovery Policy

During 2023, we adopted our Compensation Recovery Policy designed to comply with the mandatory compensation "clawback" requirements under Nasdaq rules that became effective as of 1 December 2023. Under this policy, in the event of certain accounting restatements, we will be required to recover erroneously received incentive compensation tied to a financial reporting measure (including measures related to stock price and total shareholder return) from our Executive Directors. The amount of erroneously awarded compensation to be recovered shall equal the excess of the amount actually received over the amount that would have been received had the financial statements been correct in the first instance. Where the financial reporting measure is related to stock price or total shareholder return, the Committee shall make a reasonable estimate of the effect of the accounting restatement upon the stock price or total shareholder return and the amount of the compensation to be recovered. The Committee also has the discretion to make certain exceptions to the Compensation Recovery Policy (to the extent permitted under applicable Nasdaq listing rules) and to determine whether to recover, and if so, the method for recovering, erroneously awarded compensation from current and former Executive Directors in the event of an accounting restatement. Currently, none of the incentive compensation payable to our Executive Directors is based on a financial reporting measure and therefore none of our current compensation is subject to recovery under this policy.

Any increase in fee levels may be above that of the wider workforce in a particular year to reflect the periodic nature of any review and/or any change in responsibilities/ time commitments. The Chair may also receive limited travel and/or hospitality related benefits in connection with the role. The Chair may not receive any consultancy or other payments outside his fee.	No
Non-Executive Director fee	To attract and retain high calibre individuals with the requisite experience and knowledge.	The current fee levels are set out in the Non- Executive Director cash fees section of the Remuneration Report. Statement of consideration of employees' pay and remuneration conditions elsewhere in the Group

The Company does not formally consult with employees when drawing up the Policy. However, the Committee is made aware of employment conditions in the wider Group. The same broad principles apply to the Policy both for the Executive Directors and the wider employee population. However, the remuneration for the Executive Directors has a stronger emphasis on variable pay than for other employees. In particular, the following approach is used for the wider employee population in the Group:

- Salaries, benefits and pensions or matching contributions under our 401(k) plan, as applicable, are compared to appropriate market rates and set at approximately mid market level with allowance for role, responsibilities and experience.
- When setting salary levels for the Executive Directors, the Committee considers the salary increases provided to other employees.
- An annual bonus plan is available to all employees and is based on business and individual performance. Payments under the bonus plan are entirely discretionary.

Relative importance of spend on pay

The Committee considers the Company's research and development expenditure relative to remuneration expenditure for all employees, to be the most appropriate metric for assessing overall spend on pay due to the nature and stage of the Company's business. Dividend distribution comparators have not been included as the Company has no history of such transactions. The graph below illustrates the gross remuneration to all employees compared to research and development expenditure in 2023 and in 2022. The Committee notes that research and development expenditure may increase in future years as the Company continues to progress its investigational COMP360 psilocybin treatment into later stage clinical

trials for the treatment of TRD and into trials for other indications, as well as developing other neuropsychiatric therapies.

Structure and Role of Committee and Approach to Remuneration Matters

The Committee is comprised of Annalisa Jenkins, who chairs the Committee, David Norton and Wayne Riley. The constitution of the Committee is in compliance with Nasdaq requirements. The

members of the Committee are Independent Directors as defined in Rule 10C-1 under the US Securities Exchange Act of 1934 and under applicable Nasdaq listing rules.

The Board believes that good corporate governance is integral to a successful business. The Company finds instructive the standards of corporate governance prescribed by the Corporate Governance Code for Small and Mid-Size Quoted Companies from The Quoted Companies Alliance (the “QCA Code”). The Board believes that this corporate governance framework is an appropriate guide for the Company, having regard to its size and nature.

The Committee’s approach to remuneration matters is to enable the Company to attract and retain talent, incentivise long-term value generation and effectively manage the Company’s cash resources. It is the belief of the Committee that this is best achieved through a greater emphasis on variable rather than fixed remuneration, comprised of a mix of base salary and benefits, along with the flexibility to appropriately reward and incentivise with variable pay and longer term incentives, as described within the Policy.

When applying the Policy to Executive Directors, the Committee seeks to comply with the QCA Code so far as it is practical to do so, having regard to the size, nature and business requirements of the Company. Operation of the Policy will largely be compliant with the remuneration elements of the QCA Code, but we are aware that in certain instances we will differ from the QCA Code. These instances reflect differences in US market practice when compared to the UK, and the need to balance our governance obligations against the importance of offering competitive remuneration packages in the markets in which we compete and operate.

The terms of reference of the Committee can be found on our website at <https://ir.compasspathways.com/corporate-governance/documents-charters>.

External advice

During the year, the Company engaged Aon Solutions UK Limited (Aon) to support management and the Committee with advice on remuneration matters, in particular peer-group benchmarking of Director and Senior Management remuneration and the grant of long term equity incentives under the 2020 Plan that became effective on the day prior to the listing of our ADSs on Nasdaq. The consultants were appointed by the Committee. The Committee is satisfied that Aon provides independent and objective advice, as

Aon is a leading global professional services firm and the Board confirm no conflicts of interest before each meeting. During 2023 fees of \$155,666 (2022: \$213,826) were paid to Aon.

Proposed Application of the Policy for the Year Ending 31 December 2024

The performance objectives for Mr. Nath against which the Committee will determine the annual bonus were approved by the Board in February 2024. The detail behind the performance objectives is currently considered to be commercially sensitive as they relate to the strategy that the Company intends to take with respect to the advancement of the COMP360 clinical development program and the Company's financial and commercial goals. To the extent that the objectives do not comprise commercially sensitive information, the Company expects to disclose both the objectives and performance against those objectives in next year's Remuneration Report.

3) *Long-term incentive awards*

Long term incentives for 2024 were awarded on 1 February 2024.
